NOTES ON NEWS OF THE DAY.

THE complete majority against Prohibition in Massachusetts is 44,499. That should serve as a settler of the question.

MR. BLAINE remained in his rooms at the Arlington yesterday, suffering from rheumatism. His condition does not excite alarm.

THE Erie canal from Buffalo to Utica, and the Champlain, Black River, Oswego, Cayuga and Seneca canals will open for navigation May 1st. The Erie canal from Utica to Buffalo will open May 4th.

WATER in Oklahoma is ten cents a drink, and it requires good teeth and an unsensitive nose to swallow it. Thousands of the boomers would gladly swap their boom for a glass of clean water and a square meal.

MURAT HALSTEAD of the Cincinnati *Commercial* is so far on the road towards recovery that his sons who were called home from the East have returned. We shall soon get Mr. Halstead's views on the subject of confirmations by the Senate.

MR. CLEVELAND hastens to deny a reported interview in a North Carolina paper, in which he was made to say that he would not be a candidate in 1892. Mr. Cleveland's scruples against a second term only troubled him during the season of 1884.

IN Hickory Ground, Va., last Sunday night, a black man named Dempsey tried to play White Cap on another named Harding, but while he was forcing himself into Harding's house was shot and killed. Harding was acquited on the plea of self-defense.

THE Brooklyn Supreme Court gave Miss Alice Allen yesterday a verdict of $12,500 damages against the State Line of steamers. Miss Allen had been poisoned by a dose of mercury given to her by mistake by a stewardess of one of the boats, and has not yet recovered.

FANNY DAVENPORT has been sued by two members of her company, Lotto and Williams, for libel. She posted them as "ungentlemanly and discourteous," and they think they have been damaged $5,000 each. Miss Davenport will make more than their claims out of the advertisement.

ASSISTANT Postmaster General Clarkson appointed 175 new Postmasters yesterday. He says he is only filling vacancies or clearing out incompetents. When he gets through with these the fun will be only just begun. Mr. Clarkson may not be much of a Mugwump, but of his Republicanism there can be no doubt.

THERE is a real case of yellow fever at Sanford, Florida. This is unquestionably from the seed sown last year. The scourge is given an early start, and the people are justified in taking the alarm and demanding the enforcement of extraordinary sanitary measures. Sanford is in the centre of the state, and needs to be isolated at once.

The two girl firebugs of Summit, N. J., Emma and Henrietta Day, who pleaded guilty to setting fires and then retracted, were sentenced yesterday at Elizabeth. Emma was given six months in Union county jail, and Henrietta, who is under 16, was sent to the reform school. There was a quite prevalent opinion at the trial that the girls were not guilty at all.

SENATOR PAYNE declares that he will not be a candidate for re-election. His reason is that two years hence, when his term expires, he will be 81 years old. At this age he thinks he ought to take a back seat, and permit the boys with whom Allen G. Thurman trains to come to the front. But the next Ohio Legislature will be of neither the Payne nor Thurman variety.

THE report that three men had been killed at Oklahoma in a land claim dispute was promptly denied, but the story was at once revised with the number of slain reduced to one. This also proves to be a fiction. There have been no murders and very few disputes. The fidelity with which the law has been observed surprises even those accustomed to life in peaceful communities.

HON. OLIVER MOWATT visited the Senate at Albany yesterday, and Mr. Pierce moved that he be accorded the privileges of the floor. Senator Murphy objected to any courtesy being extended to a dependent of the British crown. Mr. Mowatt stared at the New York Senator for a moment in mild surprise, and then rose hastily and left the house. Forty years ago Mr. Murphy was himself a "dependent of the British crown."

THE New York *Sun*, which is the most persistent stickler for correct English in the country, announces that Mrs. Cleveland has leased a cottage at New Bedford for a summer residence. The fact is interesting, but it is not correctly stated, inasmuch as Mrs. Cleveland is not the owner or agent, but secures possession of the property by a lease issued to her by the owner. She is not the lessor but the lessee. She has simply rented the cottage.

THERE was voting on the license question in Russell county, Va., yesterday, during the course of which William Porter walked up to Swin Howell, and presenting a revolver, said, "I am going to shoot you." He fired and Howell received two wounds, neither of them dangerous. Then Howell got out his revolver and killed Porter with three shots. Two other persons named Sargent and Johnson were killed while trying to quell the disturbance, and another named Crowell was slightly wounded. Here is the foundation for another Virginia vendetta and the extermination of a half-dozen families.

THE train that will carry President Harrison to New York next week is described as the handsomest that ever went over the Pennsylvania road. It will consist of combination car, dining car, four sleeping cars, and Vice President Thompson's private car. The train will leave Washington Tuesday at 1 A. M., and at 10 o'clock the guests are expected to be in the presence of the New York reception committee. The party will consist of about 65 persons, including the President's family, the Cabinet, Justices of the Supreme Court and Gen. Schofield. The President will return to Washington Wednesday afternoon, leaving Jersey City at 4 o'clock.

State Senator Linson Speaks in Favor Of His Ballot Reform Bill.

By Telegraph to The Freeman.

ALBANY, April 25.—In the Assembly today Fish, Chairman of the Assembly Ceiling Investigating Committee, stated that the report of the Committee would be presented tomorrow morning.

Vedder's liquor tax bill came down from the Senate. In a jocose way several Republicans asked that the bill be ordered to a third reading. There was a storm of objections from the minority and the bill went to the Committee of Ways and Means.

The report of the Conference Committee on the annual appropriation bill was adopted, and the bill now goes to the Governor. The report corrects the computation for the salaries of Justices of the Supreme Court so as to make it $272,000 instead of $269,000; adds $20,000 for premiums to agricultural societies; reduces the appropriation for the State Dairy Commission from $100,000 to $85,000; provides $7,500 for the salary of the Capitol Commissioner; strikes out Sheehan's amendment relative to the Cayuga Indians; raises the appropriation for the State Reformatory at Elmira from $70,000 to $100,000; adds $60,000 for the maintenance of the Hudson House of Refuge; adds to the Normal School appropriation $2,000 for Brockport, $1,500 for Cortland, $1,000 for New-Paltz, $1,500 for Potsdam, and adds $12,000 for the examinations of law students as provided in the code of civil procedure.

Bills passed; Rhodes', making a non-partisan two-headed Park Board for New-York City.

Coons' compulsory education bill was discussed at some length. An amendment offered by Hornidge that the provisions of the bill shall not apply to any truant home was adopted and the bill passed, ayes 96, noes 11.

Senator Pierce's bill, making May 1 next a legal holiday in New-York and Brooklyn, was passed.

The vote by which the Fassett prison bill as amended was lost yesterday was reconsidered and the bill again discussed.

R. P. Bush moved to make the appropriation in the bill $500,000 instead of $1,000,000.

Peck thought $250,000 would be ample. The amount was finally fixed at $500,000.

An amendment offered by Yates was adopted to prevent the incarceration in the prisons or penitentiaries of State prisoners sentenced in United States Courts held outside of the State or in other state courts. The bill was passed, 97 to 20.

The New-York and New-Jersey bridge bill was reconsidered and passed; ayes 70, noes 40.

Cottrell's concurrent resolution that when the Legislature adjourns to-morrow it be until Monday, May 6, at 8:15 P. M., was adopted.

IN THE STATE SENATE.

By Telegraph to The Freeman.

ALBANY, April 25.—In the Senate to-day the States Prisons Committee reported for consideration Senator Fassett's prison bill. At Fassett's request the bill was ordered to a third reading.

The ballot reform bill came up on third reading.

Arnold explained the provisions of the bill.

Linson moved to substitute the electoral reform bill introduced by him for the Saxton bill, and made a speech in its favor. He declared the Saxton bill, if passed, would absolutely disfranchise all persons who could not read. There were a great many honest and worthy men in the State who were thus incapacitated. The bill allowed a voter suffering from physical disability to take a person with him into the booth to mark his ballot, but this did not include persons whose only disability was that they could not read or write. His bill, by allowing both official and unofficial ballots, would remedy this defect. He referred to the many inconsistencies in the Saxton bill, Page after page was devoted to the theory of nomination, but in the latter part of the bill Saxton with one fell swoop wiped out all necessity for nomination by the provision that a voter could insert in the ballot the name of any person, and such vote shall be counted the same as if printed upon the ballot.

Arnold supported the Saxton bill and Grady spoke against it. The vote was then taken on Linson's motion to substitute his bill, and it was lost, 11 to 18, a strict party vote.

Linson then offered an amendment to the Saxton bill to compel general registration. Lost by the same vote. He next offered an amendment providing for proceedings in *quo warranto* to oust a successful candidate for bribery; also amendments relative to the use of pay envelopes and the intimidating of employes by other means, and in regard to filing an itemized statement of election expenses. All the amendments were lost although Laughlin voted for the last mentioned and Erwin and Fassett thought it was a good one.

The Saxton bill was then passed 18 to 11, a party vote. Ayes, Arnold, Coggeshall, Deane, Erwin, Fassett, Hawkins, Hendricks, Kellogg, Laughlin, O'Connor, Robertson, Russell, Sloan, Sweet, VanCott, Vedder, Walker, Worth. Noes, Cantor, Foley, Grady, Ives Langbein, Linson, McNaughton, Murphy, Pierce, Stadler, Ward.

The Senate concurred in the Assembly resolution to adjourn over next week.

Vedder introduced a bill providing that the Governor shall appoint Commissioners to allot lands to the Indians of the State. [Ordered to a third reading].

DEATH OF AN OLD CENTRAL ENGINEER.

Had Pulled More of the Vanderbilt Specials Than Any Other Man.

By Telegraph to The Freeman.

SCHENECTADY, April 25.—Reuben S. Allen, one of the oldest engineers of the Central Railroad, and one who has probably "pulled" more of the Vanderbilt special trains than any other engineer in the country, died at his residence in this City this morning, aged 66 years. Mr. Allen was born in Burlington, Vt., in 1823.

OTHER DEATHS.

By Cable to The Freeman.

LONDON, April 25.—Count Plater, famous in the Polish region, has died in Switzerland.

NEW-YORK, April 25.—Albert M Frey, who has held the pool championship for the past three years, died to-day. He was taken ill Saturday last with pleuro-pneumonia.

SOME RECENT DISASTROUS FIRES.

Conflagration at Stanbridge, Canada; Much Railroad Property Burned.

By Telegraph to The Freeman.

ST. ALBANS, Vt., April 25.—Stanbridge, just across the Canadian line, was visited by a disastrous fire about 2:30 this morning, resulting in the destruction of the Canadian Pacific Railroad depot, freight house, engine house, one engine, two passenger cars and eight freight cars, most of which were loaded. Seneger's large general store, two hotels and several houses were also burned. The fire originated in the railroad woodshed, and as the village is without a fire department the buildings were at the mercy of the flames. Loss probably $25,000; Seneger's store was a new one and insured for $8,000. The insurance on both hotels is $7,000. An engine and hose cart went from St. Albans to prevent the fire from spreading.

DENIAL FROM GENERAL BOULANGER.

Says He Has No Thought of Issuing a Manifesto—Bouquets Received.

By Cable to The Freeman.

LONDON, April 25.—In an interview today General Boulanger denied that he would immediately issue a manifesto explaining his intentions, and stated that as yet he had no thought of doing so. The General has received scores of bouquets sent to him by admirers in France. He has received many invitations to parties to be given by persons who are desirous of lionizing him.

BRUSSELS, Aprii 25.—Henri Rochefort went to London because the Belgian Government requested that he should leave the country.

GUSHER OIL WELL STRUCK TO-DAY.

Believed 7,000 Barrels will be Lost Before the Product is Tanked.

By Telegraph to The Freeman.

PITTSBURG, Pa., April 25.—A gusher oil well was struck near Legronville, on the Fort Wayne Railroad, 19 miles from this City, this morning. When the sand was tapped the oil spurted 115 feet in the air, and it is now flowing about 700 barrels a day. No provision was made to save the oil, and it is stated 7,000 barrels will be wasted before it can be tanked. The well is the first gusher ever struck in that vicinity, and the inhabitants of the country are wild with excitement. Land has doubled in value during the day.

FAST TIME BY THE CITY OF NEW-YORK.

It Beat the City of Rome and Germanic Across the Ocean.

By Telegraph to The Freeman.

NEW-YORK, April 25.—The steamship "City of New-York" arrived at Sandy Hook at 1:42 o'clock, this morning, having made the trip from Queenstown Harbor in six days, 14 hours and seven minutes. The "City of New-York" and the "City of Rome" passed Fastnet Light at about the same time on Thursday last, and the "Germanic" started from Queenstown one hour and a half ahead of the "City of New-York." The "City of Rome" and "Germanic" are expected to be heard from this evening or to-morrow.

TWO FREIGHT TRAINS COLLIDE.

Brakeman, Conductor and Engineer were Fatally Crushed; Two Others Injured.

By Telegraph to The Freeman.

CINCINNATI, April 25.—A dispatch from Glen Mary, Tenn., says a collision occurred there yesterday between two freight trains as a result of the forgetfulness of the engineer of one of them. The collision occurred a mile south of Glen Mary. Brakeman Taylor, Conductor Hineline and Engineer Rusk were badly crushed. The first two died soon after being extracted. Rusk's injuries are fatal. Two others were slightly injured.

By Cable to The Freeman.

Resolutions were adopted affirming that the land question was the root of Irish discontent, and urging the Government to introduce in the House of Commons, without delay, a measure to enable tenants to become owners of the land.

By Telegraph to The Freeman.

NEW-YORK, April 25.—The stock quotations from London were all decidedly higher and their influence was shown upon the opening figures here which showed advances of ¼ and ⅜ per cent., with Atchison, Delaware & Hudson, Louisville & Nashville and Union Pacific leading. There was more activity in the market than usual, although it was still confined to a few of the leading shares, such as Reading, Louisville & Nashville, Atchison, Oregon Transcontential, Union Pacific and Chicago gas. At 11 o'clock the market was active and strong.

SEVERE STORM ON LAKE SUPERIOR.

Holland and Its Consorts Not Yet Heard From; Logs Adrift.

By Telegraph to The Freeman.

WASHBURN, Wis., April 25.—An error was made in reporting the Holland and its consorts as arriving here last night, as they are out yet. A terrific north-easter blew over Lake Superior last night, forcing the J. S. Hurd, which left here yesterday, to return for shelter. A blinding snow fell all day, but it has now cleared up. A boom containing 12,000,000 feet of logs belonging to Pike & Drake, was broken during the storm and the logs are adrift in the Bay.

WANT THE PRICE OF COAL REDUCED.

Action of Iron Manufacturers Along the Line of the Reading Railroad.

By Telegraph to The Freeman.

PHILADELPHIA, April 25.—The iron manufacturers along the line of the Reading Railroad recently told the officials of the road that if the iron industry was not to be killed a reduction in the price of fuel would be necessary. The price of furnace coal at the mines has therefore been reduced from $2.10 to $1.85—lower than it has been for years—and at the same time the tolls on furnace coal have been lowered eight cents per ton, on an average, to all the furnaces along the Schuylkill Valley. To consumers of furnace coal the move means that the price of fuel will be reduced almost 35 cents.

DEPOSED FROM EPISCOPAL MINISTRY.

A Spirit of Disbelief Took Hold of the Rev Henry Truro Bray.

By Telegraph to The Freeman.

ST. LOUIS, April 25.—In accordance with his own request the Rev. Henry Truro Bray, D. D., was yesterday deposed from the Episcopal ministry by Bishop Tuttle. Dr. Bray's case is celebrated. After serving several years in the ministry a spirit of disbelief took hold of him, and he became an agnostic. He was Rector of the Church at Booneville, Mo. In an interview he asserts that disbelief is wide-spread in the pulpit.

I BELIEVE IT YET.

I.

There's some useful information that I got
from mother dear,
One evening when I went my girl to see;
She told me I had better be tasteful in my
dress,
If from bitter disappointment I'd be free.
She told that Marks Jacobs made suits the
handsomest;
That to his store was just the place to go,
That with his help I'd surely win the girl I
loved best:
I believed it, for my mother told me so

CHORUS.

She told me that a manly man should dress
in manly style,
And always like a gentleman should go;
That for this service I could trust Marks
Jacobs all the while;
I believed it, for my mother told me so.

II.

And so I went to Jacobs' store, 184 The
Strand,
The next morning at the rising of the sun,
And picked me out the finest that this artist
had on hand,
And in just two days the suit complete
was done.
Then I hied me to the mansion where lived
my Katie Brown,
And her greeting was the sweetest man
can know;
She said I was the handsomest, the noblest
man in town;
I believed it, for my sweetheart told me so.

CHORUS.

She told me something better yet; she said
she would be mine,
That through this life with me she'd gladly go,
If I would wear Marks Jacobs' suits, so fitting,
neat and fine;
I believed it, for my Katie told me so.

NOTES ON NEWS OF THE DAY.

THE complete majority against Prohibition in Massachusetts is 44,499. That should serve as a settler of the question.

MR. BLAINE remained in his rooms at the Arlington yesterday, suffering from rheumatism. His condition does not excite alarm.

THE Erie canal from Buffalo to Utica, and the Champlain, Black River, Oswego, Cayuga and Seneca canals will open for navigation May 1st. The Erie canal from Utica to Buffalo will open May 4th.

WATER in Oklahoma is ten cents a drink, and it requires good teeth and an unsensitive nose to swallow it. Thousands of the boomers would gladly swap their boom for a glass of clean water and a square meal.

MURAT HALSTEAD of the Cincinnati *Commercial* is so far on the road towards recovery that his sons who were called home from the East have returned. We shall soon get Mr. Halstead's views on the subject of confirmations by the Senate.

MR. CLEVELAND hastens to deny a reported interview in a North Carolina paper, in which he was made to say that he would not be a candidate in 1892. Mr. Cleveland's scruples against a second term only troubled him during the season of 1884.

IN Hickory Ground, Va., last Sunday night, a black man named Dempsey tried to play White Cap on another named Harding, but while he was forcing himself into Harding's house was shot and killed. Harding was acquited on the plea of self-defense.

THE Brooklyn Supreme Court gave Miss Alice Allen yesterday a verdict of $12,500 damages against the State Line of steamers. Miss Allen had been poisoned by a dose of mercury given to her by mistake by a stewardess of one of the boats, and has not yet recovered.

FANNY DAVENPORT has been sued by two members of her company, Lotto and Williams, for libel. She posted them as "ungentlemanly and discourteous," and they think they have been damaged $5,000 each. Miss Davenport will make more than their claims out of the advertisement.

ASSISTANT Postmaster General Clarkson appointed 175 new Postmasters yesterday. He says he is only filling vacancies or clearing out incompetents. When he gets through with these the fun will be only just begun. Mr. Clarkson may not be much of a Mugwump, but of his Republicanism there can be no doubt.

THERE is a real case of yellow fever at Sanford, Florida. This is unquestionably from the seed sown last year. The scourge is given an early start, and the people are justified in taking the alarm and demanding the enforcement of extraordinary sanitary measures. Sanford is in the centre of the state, and needs to be isolated at once.

The two girl firebugs of Summit, N. J., Emma and Henrietta Day, who pleaded guilty to setting fires and then retracted, were sentenced yesterday at Elizabeth. Emma was given six months in Union county jail, and Henrietta, who is under 16, was sent to the reform school. There was a quite prevalent opinion at the trial that the girls were not guilty at all.

SENATOR PAYNE declares that he will not be a candidate for re-election. His reason is that two years hence, when his term expires, he will be 81 years old. At this age he thinks he ought to take a back seat, and permit the boys with whom Allen G. Thurman trains to come to the front. But the next Ohio Legislature will be of neither the Payne nor Thurman variety.

THE report that three men had been killed at Oklahoma in a land claim dispute was promptly denied, but the story was at once revised with the number of slain reduced to one. This also proves to be a fiction. There have been no murders and very few disputes. The fidelity with which the law has been observed surprises even those accustomed to life in peaceful communities.

HON. OLIVER MOWATT visited the Senate at Albany yesterday, and Mr. Pierce moved that he be accorded the privileges of the floor. Senator Murphy objected to any courtesy being extended to a dependent of the British crown. Mr. Mowatt stared at the New York Senator for a moment in mild surprise, and then rose hastily and left the house. Forty years ago Mr. Murphy was himself a "dependent of the British crown."

THE New York *Sun*, which is the most persistent stickler for correct English in the country, announces that Mrs. Cleveland has leased a cottage at New Bedford for a summer residence. The fact is interesting, but it is not correctly stated, inasmuch as Mrs. Cleveland is not the owner or agent, but secures possession of the property by a lease issued to her by the owner. She is not the lessor but the lessee. She has simply rented the cottage.

THERE was voting on the license question in Russell county, Va., yesterday, during the course of which William Porter walked up to Swin Howell, and presenting a revolver, said, "I am going to shoot you." He fired and Howell received two wounds, neither of them dangerous. Then Howell got out his revolver and killed Porter with three shots. Two other persons named Sargent and Johnson were killed while trying to quell the disturbance, and another named Crowell was slightly wounded. Here is the foundation for another Virginia vendetta and the extermination of a half-dozen families.

THE train that will carry President Harrison to New York next week is described as the handsomest that ever went over the Pennsylvania road. It will consist of combination car, dining car, four sleeping cars, and Vice President Thompson's private car. The train will leave Washington Tuesday at 1 A. M., and at 10 o'clock the guests are expected to be in the presence of the New York reception committee. The party will consist of about 65 persons, including the President's family, the Cabinet, Justices of the Supreme Court and Gen. Schofield. The President will return to Washington Wednesday afternoon, leaving Jersey City at 4 o'clock.

IN N. Y. LEGISLATURE TO-DAY.

State Senator Linson Speaks in Favor Of His Ballot Reform Bill.

By Telegraph to The Freeman.

ALBANY, April 25.—In the Assembly today Fish, Chairman of the Assembly Ceiling Investigating Committee, stated that the report of the Committee would be presented tomorrow morning.

Vedder's liquor tax bill came down from the Senate. In a jocose way several Republicans asked that the bill be ordered to a third reading. There was a storm of objections from the minority and the bill went to the Committee of Ways and Means.

The report of the Conference Committee on the annual appropriation bill was adopted, and the bill now goes to the Governor. The report corrects the computation for the salaries of Justices of the Supreme Court so as to make it $272,000 instead of $269,000; adds $20,000 for premiums to agricultural societies; reduces the appropriation for the State Dairy Commission from $100,000 to $85,000; provides $7,500 for the salary of the Capitol Commissioner; strikes out Sheehan's amendment relative to the Cayuga Indians; raises the appropriation for the State Reformatory at Elmira from $70,000 to $100,000; adds $60,000 for the maintenance of the Hudson House of Refuge; adds to the Normal School appropriation $2,000 for Brockport, $1,500 for Cortland, $1,000 for New-Paltz, $1,500 for Potsdam, and adds $12,000 for the examinations of law students as provided in the code of civil procedure.

Bills passed; Rhodes', making a non-partisan two-headed Park Board for New-York City.

Coons' compulsory education bill was discussed at some length. An amendment offered by Hornidge that the provisions of the bill shall not apply to any truant home was adopted and the bill passed, ayes 96, noes 11.

Senator Pierce's bill, making May 1 next a legal holiday in New-York and Brooklyn, was passed.

The vote by which the Fassett prison bill as amended was lost yesterday was reconsidered and the bill again discussed.

R. P. Bush moved to make the appropriation in the bill $500,000 instead of $1,000,000.

Peck thought $250,000 would be ample. The amount was finally fixed at $500,000.

An amendment offered by Yates was adopted to prevent the incarceration in the prisons or penitentiaries of State prisoners sentenced in United States Courts held outside of the State or in other state courts. The bill was passed, 97 to 20.

The New-York and New-Jersey bridge bill was reconsidered and passed; ayes 70, noes 40.

Cottrell's concurrent resolution that when the Legislature adjourns to-morrow it be until Monday, May 6, at 8:15 P. M., was adopted.

IN THE STATE SENATE.

By Telegraph to The Freeman.

ALBANY, April 25.—In the Senate to-day the States Prisons Committee reported for consideration Senator Fassett's prison bill. At Fassett's request the bill was ordered to a third reading.

The ballot reform bill came up on third reading.

Arnold explained the provisions of the bill.

Linson moved to substitute the electoral reform bill introduced by him for the Saxton bill, and made a speech in its favor. He declared the Saxton bill, if passed, would absolutely disfranchise all persons who could not read. There were a great many honest and worthy men in the State who were thus incapacitated. The bill allowed a voter suffering from physical disability to take a person with him into the booth to mark his ballot, but this did not include persons whose only disability was that they could not read or write. His bill, by allowing both official and unofficial ballots, would remedy this defect. He referred to the many inconsistencies in the Saxton bill. Page after page was devoted to the theory of nomination, but in the latter part of the bill Saxton with one fell swoop wiped out all necessity for nomination by the provision that a voter could insert in the ballot the name of any person, and such vote shall be counted the same as if printed upon the ballot.

Arnold supported the Saxton bill and Grady spoke against it. The vote was then taken on Linson's motion to substitute his bill, and it was lost, 11 to 18, a strict party vote.

Linson then offered an amendment to the Saxton bill to compel general registration. Lost by the same vote. He next offered an amendment providing for proceedings in *quo warranto* to oust a successful candidate for bribery; also amendments relative to the use of pay envelopes and the intimidating of employes by other means, and in regard to filing an itemized statement of election expenses. All the amendments were lost although Laughlin voted for the last mentioned and Erwin and Fassett thought it was a good one.

The Saxton bill was then passed 18 to 11, a party vote. Ayes, Arnold, Coggeshall, Deane, Erwin, Fassett, Hawkins, Hendricks, Kellogg, Laughlin, O'Connor, Robertson, Russell, Sloan, Sweet, VanCott, Vedder, Walker, Worth. Noes, Cantor, Foley, Grady, Ives Langbein, Linson, McNaughton, Murphy, Pierce, Stadler, Ward.

The Senate concurred in the Assembly resolution to adjourn over next week.

Vedder introduced a bill providing that the Governor shall appoint Commissioners to allot lands to the Indians of the State. [Ordered to a third reading].

BILLS THAT HAVE BECOME LAWS.

By Telegraph to The Freeman.

ALBANY, N. Y., April 25.—The following bills to-day became laws:

Chapter 186, Mr. Walter's bill amending the general act for incorporation of villages.

Chapter 187, authorizing the Supervisors of Kings County to borrow $30,000 to fit up and furnish the Thirty-Second Regiment Armory.

Chapter 188, fixing the salaries of patrolmen, acting as roundsmen of police in New-York, at not less than $1,200 per annum. [Not signed].

Chapter 189, providing a system of sewerage in a part of the town of New Utrecht, Kings County. [Not signed.]

Chapter 190, amending act of 1876, enabling the Owego Steamboat Company to improve the navigation of part of the Susquehanna River.

DEATH OF AN OLD CENTRAL ENGINEER.

Had Pulled More of the Vanderbilt Specials Than Any Other Man.

By Telegraph to The Freeman.

SCHENECTADY, April 25.—Reuben S. Allen, one of the oldest engineers of the Central Railroad, and one who has probably "pulled" more of the Vanderbilt special trains than any other engineer in the country, died at his residence in this City this morning, aged 66 years. Mr. Allen was born in Burlington, Vt., in 1823.

OTHER DEATHS.

By Cable to The Freeman.

LONDON, April 25.—Count Plater, famous in the Polish region, has died in Switzerland.

NEW-YORK, April 25.—Albert M. Frey, who has held the pool championship for the past three years, died to-day. He was taken ill Saturday last with pleuro-pneumonia.

WAUKEGAN, Ills., April 25.—Elijah M. Haines, ex-Speaker of the Assembly, and for many years a prominent figure in State politics, died this morning of paralysis.

SOME RECENT DISASTROUS FIRES.

Conflagration at Stanbridge, Canada; Much Railroad Property Burned.

By Telegraph to The Freeman.

ST. ALBANS, Vt., April 25.—Stanbridge, just across the Canadian line, was visited by a disastrous fire about 2:30 this morning, resulting in the destruction of the Canadian Pacific Railroad depot, freight house, engine house, one engine, two passenger cars and eight freight cars, most of which were loaded. Seneger's large general store, two hotels and several houses were also burned. The fire originated in the railroad woodshed, and as the village is without a fire department the buildings were at the mercy of the flames. Loss probably $25,000; Seneger's store was a new one and insured for $8,000. The insurance on both hotels is $7,000. An engine and hose cart went from St. Albans to prevent the fire from spreading.

DENIAL FROM GENERAL BOULANGER.

Says He Has No Thought of Issuing a Manifesto—Bouquets Received.

By Cable to The Freeman.

LONDON, April 25.—In an interview today General Boulanger denied that he would immediately issue a manifesto explaining his intentions, and stated that as yet he had no thought of doing so. The General has received scores of bouquets sent to him by admirers in France. He has received many invitations to parties to be given by persons who are desirous of lionizing him.

BRUSSELS, April 25.—Henri Rochefort went to London because the Belgian Government requested that he should leave the country.

GUSHER OIL WELL STRUCK TO-DAY.

Believed 7,000 Barrels will be Lost Before the Product is Tanked.

By Telegraph to The Freeman.

PITTSBURG, Pa., April 25.—A gusher oil well was struck near Legronville, on the Fort Wayne Railroad, 19 miles from this City, this morning. When the sand was tapped the oil spurted 115 feet in the air, and it is now flowing about 700 barrels a day. No provision was made to save the oil, and it is stated 7,000 barrels will be wasted before it can be tanked. The well is the first gusher ever struck in that vicinity, and the inhabitants of the country are wild with excitement. Land has doubled in value during the day.

FAST TIME BY THE CITY OF NEW-YORK.

It Beat the City of Rome and Germanic Across the Ocean.

By Telegraph to The Freeman.

NEW-YORK, April 25.—The steamship "City of New-York" arrived at Sandy Hook at 1:42 o'clock, this morning, having made the trip from Queenstown Harbor in six days, 14 hours and seven minutes. The "City of New-York" and the "City of Rome" passed Fastnet Light at about the same time on Thursday last, and the "Germanic" started from Queenstown one hour and a half ahead of the "City of New-York." The "City of Rome" and "Germanic" are expected to be heard from this evening or to-morrow.

TWO FREIGHT TRAINS COLLIDE.

Brakeman, Conductor and Engineer were Fatally Crushed; Two Others Injured.

By Telegraph to The Freeman.

CINCINNATI, April 25.—A dispatch from Glen Mary, Tenn., says a collision occurred there yesterday between two freight trains as a result of the forgetfulness of the engineer of one of them. The collision occurred a mile south of Glen Mary. Brakeman Taylor, Conductor Hineline and Engineer Rusk were badly crushed. The first two died soon after being extracted. Rusk's injuries are fatal. Two others were slightly injured.

Unionist Conference Held.

By Cable to The Freeman.

LONDON, April 25.—A Unionist conference was held at Birmingham to-day. Resolutions were adopted affirming that the land question was the root of Irish discontent, and urging the Government to introduce in the House of Commons, without delay, a measure to enable tenants to become owners of the land.

Has Left for Berlin.

By Cable to The Freeman.

LONDON, April 25.—J. Kasson, one of the American Commissioners to treat on Samoan affairs, has left London for Berlin.

THE STOCK AND MONEY MARKET.

Financial Doings on Wall-Street To-Day—The Leading Closing Quotations.

By Telegraph to The Freeman.

NEW-YORK, April 25.—The stock quotations from London were all decidedly higher and their influence was shown upon the opening figures here which showed advances of ⅛ and ⅝ per cent., with Atchison, Delaware & Hudson, Louisville & Nashville and Union Pacific leading. There was more activity in the market than usual, although it was still confined to a few of the leading shares, such as Reading, Louisville & Nashville, Atchison, Oregon Transcontential, Union Pacific and Chicago gas. At 11 o'clock the market was active and strong.

Holland and Its Consorts Not Yet Heard From; Logs Adrift.

By Telegraph to The Freeman.

WASHBURN, Wis., April 25.—An error was made in reporting the Holland and its consorts as arriving here last night, as they are out yet. A terrific north-easter blew over Lake Superior last night, forcing the J. S. Hurd, which left here yesterday, to return for shelter. A blinding snow fell all day, but it has now cleared up. A boom containing 12,000,000 feet of logs belonging to Pike & Drake, was broken during the storm and the logs are adrift in the Bay.

WANT THE PRICE OF COAL REDUCED.

Action of Iron Manufacturers Along the Line of the Reading Railroad.

By Telegraph to The Freeman.

PHILADELPHIA, April 25.—The iron manufacturers along the line of the Reading Railroad recently told the officials of the road that if the iron industry was not to be killed a reduction in the price of fuel would be necessary. The price of furnace coal at the mines has therefore been reduced from $2.10 to $1.85—lower than it has been for years—and at the same time the tolls on furnace coal have been lowered eight cents per ton, on an average, to all the furnaces along the Schuylkill Valley. To consumers of furnace coal the move means that the price of fuel will be reduced almost 35 cents.

DEPOSED FROM EPISCOPAL MINISTRY.

A Spirit of Disbelief Took Hold of the Rev Henry Truro Bray.

By Telegraph to The Freeman.

ST. LOUIS, April 25.—In accordance with his own request the Rev. Henry Truro Bray, D. D., was yesterday deposed from the Episcopal ministry by Bishop Tuttle. Dr. Bray's case is celebrated. After serving several years in the ministry a spirit of disbelief took hold of him, and he became an agnostic. He was Rector of the Church at Booneville, Mo. In an interview he asserts that disbelief is wide-spread in the pulpit.

DES MOINES RIVER LAND TROUBLES.

Suits for Trespass Against Settlers Who Returned to Lands After Eviction.

By Telegraph to The Freeman.

WATERLOO, Ia., April 25.—The Des Moines River land troubles have assumed a new phase. Suits for trespass have been begun against settlers who revisited lands from which they were evicted and put in crops. Warrants have been issued for William Spainhower, the leader in the crop-planting movement, and for several others. Advices from Webster County say all the recalcitrant settlers will be served in similar manner.

I BELIEVE IT YET.

I.

There's some useful information that I got
from mother dear,
One evening when I went my girl to see;
She told me I had better be tasteful in my
dress,
If from bitter disappointment I'd be free.
She told that Marks Jacobs made suits the
handsomest;
That to his store was just the place to go,
That with his help I'd surely win the girl I
loved best;
I believed it, for my mother told me so

CHORUS.

She told me that a manly man should dress
in manly style,
And always like a gentleman should go;
That for this service I could trust Marks
Jacobs all the while;
I believed it, for my mother told me so.

II.

And so I went to Jacobs' store, 184 The
Strand,
The next morning at the rising of the sun,
And picked me out the finest that this artist
had on hand,
And in just two days the suit complete
was done.
Then I hied me to the mansion where lived
my Katie Brown,
And her greeting was the sweetest man
can know;
She said I was the handsomest, the noblest
man in town;
I believed it, for my sweetheart told me so.

CHORUS.

She told me something better yet; she said
she would be mine,
That through this life with me she'd gladly go,
If I would wear Marks Jacobs' suits, so fitting,
neat and fine;
I believed it, for my Katie told me so.

PRISON REFORM.

At last in spite of demagogic labor agitators and the ignorant crowd behind them, the Legislature is going to pass a real reform measure for the employment of convicts in the prisons and penitentiaries of the state. The bill was before the Assembly yesterday in such an attitude as to assure its passage today with some amendments that will necessitate its return to the Senate, where of course it will pass easily. A large majority of the Democrats have shown opposition, but as it carries an appropriation of $1,000,000 (which is likely to be reduced to $750,000), the Governor will probably sign it.

The bill has already been outlined in these columns. It puts at the convict's option, after a certain limit, the length of time that he shall serve, by providing for his parole for good behavior and upon proof of thorough reformation. The only punishment permitted is solitary confinement on short rations, and proper measures are provided for the preservation of the health and sanity of the prisoner.

For the purposes of labor the convicts are to be classified under three distinct heads. The tractable and obedient are to be given occupation for instruction in some useful trade, and this is to be accomplished without regard to profit or loss. The incorrigible who are skillful and competent as workers are to be employed upon salable products, with a view both to the profit of the state and the fitting of the prisoners for self-support. The hardened offenders who resent discipline and make trouble for the managers are to be made to work, and their labor is to be employed solely for the profit of the state. Provision is made for a transfer of these classes, as the men improve or deteriorate under discipline. The contract system of labor is barred out, but both the state account and piece price systems are permitted. The life prisoners, who are debarred from commutation or parole, can be paid from 8 to 12 cents a day in the discretion of the officials. The products of the labor are to go to the supply of the institutions supported wholly or in part by the state.

Nothing but the rankest demagogy can find objections to such a bill. The Legislature, however, appears to have become tired of the constant interference and dictation of the labor agitators, and to have come to the conclusion that something is due to those convicts who are susceptible to reformatory influences, and also to the people who pay the taxes. The Fassett bill looks to the diminution of crime as its primary object. Nothing can be more promotive of this than the teaching of honorable industries to the convicts and their treatment like reasoning beings, capable of good and reformatory impulses.

LAND IN ABUNDANCE.

All was not lost to intending Western pioneers when 100,000 people, more or less, swooped down upon the little area of Oklahoma, a tract about the size of Delaware. From an article in the New York *Sun* which we copy elsewhere it will be learned that the government is negotiating with Indians for 6,022,000 acres in Indian Territory, and for more than 11,000,000 acres in the northwest corner of South Dakota. This is 26,000 square miles, an area larger than that of West Virginia, or about equal to that of the combined states of Massachusetts, Vermont and New Hampshire. If the people of the East and the South are therefore seeking new homes, here are opportunities for each, without bringing the conflicting civilizations of the two sections into contact. The Southerner can find congenial climate in Indian Territory, while the Northerner can be assured of something quite as satisfactory in the most genial quarter of the Dakotas.

The reports from people actually on the ground show that Oklahoma is disappointing to many. The air is hot, the soil sandy and arid, vegetation thin and of the most worthless description, the rivers shallow and sluggish, and pure water scarce. The Texan can easily adapt himself to these conditions, but not so the New Yorker and Ohioan. The latter must steer their "schooners" further northward. Dakota is the land for them, unless they prefer Nebraska, Kansas, Oregon, Washington or California, where millions of acres are yet waiting occupation.

The fever which the opening of Oklahoma excited will not, it is to be hoped, subside until a great deal of the yet unclaimed land spread over the West and Northwest is taken up by our American population. This sudden movement contrasts strangely with the apathy that the poorest of our native people at the East have exhibited while the great processions from Ireland, Germany and Scandinavia have passed westward and transformed the wildernesses of the Northwest into smiling and crop-laden farms. Not a straw needs to be laid in the path of the thrifty European, neither is there occasion for envying the good fortune that has lifted him out of the lowest poverty at home into prosperity, independence and even riches. But the native American has an equal right with him, and the rush for Oklahoma occasions surprise that he did not wake up to his great but steadily diminishing opportunities before.

GENEROUS CONDUCT

The value of that part of the cargo of the Missouri jettisoned by Capt. Murrell in order to save the passengers and crew of the Danmark was valued at only $2,500, but fears were entertained by the admirers of the brave Captain that he would have trouble because the loss was not covered by the policies of insurance. It was proposed in Philadelphia, if it became necessary, to make up the loss by voluntary contributions. But the proprietors of the Thingvalla line have relieved all anxiety on that score. They have not only issued orders for the settlement of all claims brought for the value of the cargo jettisoned by the Missouri, but have paid the owners of that ship for carrying the Danmark's passengers to the Azores and thence to Philadelphia.

The employers of Captain Murrell also justify his brave and humane action. One of them, Mr. Baker of Baltimore, says they they would have discharged him if he had acted differently. He said also that his company would have settled for the jettisoned cargo without a murmur if the demand had been made upon them. It speaks volumes for the magnanimity of human nature when everybody stands ready to approve a brave act by cheerful sacrifice or voluntary gifts. But the action of the Thingvalla company covers all demands. It not only bears its own loss with cheerfulness, but stands between all other parties and loss. Other captains will therefore be encouraged by the treatment that Captain Murrell has received to assume every necessary risk, and to remove every obstacle that stands in the way of the safety of any human life.

Three hundred and fifteen of the rescued passengers of the Danmark arrived at the Chicago depot yesterday. There was a vast crowd of friends and relatives on hand, and the greetings to those who had been given up as lost were tearful and affecting. Most of the company took trains for the more remote West after a little delay. The steamer Wieland, of the Hamburg-American Packet Company, which sailed from Hamburg on Sunday last, will stop at the Azores and bring over the rest of the Danmark's passengers, who were left there.

MURDEROUS AMAZONS.

Byron has described the "love of woman" as "a lovely and a fearful thing," and said something in the same connection about her revenge being "as the tiger's spring." His view has received a striking exemplification in Williamsburgh. Annie Cullen, Alice McKenney and Elizabeth Meyer, all under twenty years of age, were employed in Barton's knit jacket factory. They became engaged in a quarrel about a young man last Thursday, and at the close of the dinner hour Miss Meyer was found lying in the hall of the factory near the street door covered with blood. She was assisted to the office, and after the blood had been washed from her head and face she was carried home. On Sunday she was able to give an account of the affair. She said that she had always had trouble with the McKenny and Cullen girls. They had ridiculed her and interfered with her work because of their jealousy. On the day of the assault she lost her temper and retorted. As she went through the hall to the street door she was grabbed from behind by Miss McKenny. Miss Cullen then seized her by the ears and pounded her head against the heavy post in the partition, finishing up with several blows in the face with her fist. Then the injured girl fell to the floor and remembered nothing more till she found herself in the office.

Yesterday Miss Meyer's condition became critical, and her physicians declared that she could not recover from her injuries. Warrants were accordingly issued for the arrest of Misses Cullen and McKenney. They were found at work in the shop and taken into custody. When informed of the cause of their arrest and the dangerous condition of Miss Meyer they became hysterical and were placed in the patrol wagon with difficulty. Miss Meyer's ante-mortem statement was taken last night. She had been sinking rapidly since Sunday.

MORE LAND FOR SETTLERS.

Seventeen Million Acres Under Negotiation—A Chance for 100,000 Settlers to Get Quarter Sections.

[From the New York Sun.]

The appointment by the President of a Commission to renew negotiations for the purchase of half the Sioux reservation in Dakota, is a reminder that an area six times as great as Oklahoma will probably soon be opened to settlement. There is plenty of chance yet for those who have failed to get the kind of homestead they want. The Oklahoma tract, bought of the Creeks and Seminoles, contains, in round numbers, 1,887,000 acres; the Cherokee Strip, which will probably be bought this summer, contains 6,022,000; but the portion of the Sioux reserve which Gen. Crook's Commission will endeavor to purchase, under the recent act of Congress, amounts to more than 11,000,000 acres. The extent and fertility of these Sioux lands, the impulse which throwing them open will give to the Northwest, and the facilities which will be offered by the railroads of that region, make these negotiations very important.

The Commission appointed last year for the same purpose by President Cleveland reported that eight objections were made by the Sioux. These objections the Commissioners regarded as excuses for rejecting any reasonable proposal; and they declared that "the defeat of this act was a victory for indolence, barbarism and degradation, as against the influences of the farm, the workshop, the schools and the gospel." Secretary Vilas, however, invited the leading chiefs to a conference at Washington, and there offered them better terms. These were also rejected, yet for reasons so clearly put as to look like anything rather than the devices of ignorance and degradation. They showed that the Sioux had learned something about land values and about the way to make bargains.

The government wanted to give them 50 cents an acre for their lands, to have its own system of investing this money and paying out the income, and to follow its own notions of reservation boundaries and of the distribution of the proceeds of subsequent sales to settlers. The Indians objected to all this, and Congress took up their suggestions and partly conformed its plans to them. The Indians had asked for $1.25 per acre, to be placed directly to their credit in the Treasury, with interest at 5 per cent. They also insisted on the fulfillment of certain stipulations of former treaties. Congress consented to a change in the boundaries of two of the reservations, and stipulated that the Indians should receive the proceeds of lands sold to settlers at $1.25 per acre for the first three years; at 75 cents for the next two, and at 50 cents for the ensuing five, and that the government should take all the lands then unsold at 50 cents per acre.

There is ground for believing that this compromise will be satisfactory. The maximum price is the one fixed by the Indians themselves; yet since it applies only to lands taken within three years, probably it is no more than fair, because the choice lots will doubtless have been selected by the end of that period. Then there will be a reduction in price for the second and third picks of the land. Some of it, no doubt, is very poor, yet the Government can afford to pay fifty cents an acre for it to complete the trade. Sundry other changes were made in the original plan, including the fixing of a higher price on lands taken for schools or religious societies. Thus far all that has been heard from the Sioux reservations points toward the success of this plan.

"What's female beauty, but an air divine,
Through which the mind's all-gentler graces shine."

This may be good logic in poetry but in real life the "the mind's all-gentler graces shine" to better advantage when enclosed in a sound physique. Dr. Pierce's Favorite Prescription is a positive cure for the most complicated and obstinate cases of leucorrhea, excessive flowing, painful menstruation, unnatural suppressions, prolapsus, or falling of the womb, weak back, "female weakness," anteversion, retroversion, bearing-down sensation, chronic congestion, inflammation and ulceration of the womb, inflammation, pain and tenderness in ovaries, accompanied with "internal heat."

All kinds of people use the Hop Plasters because they cure quickly every pain and weakness.

"THE NAKED TRUTH."

Whilst Truth was one day bathing in a limpid river, Falsehood happened to pass, and noticing the garments of Truth on the bank of the stream, conceived the idea of exchanging his clothing for that of the bather, who came from the bath and mourned the loss sustained, but, disdaining Falsehood's garb, has since gone naked through the world. Whether the origin of the expression—"the naked truth"—is mythical or otherwise, it is universally known to be the "naked truth" that Dr. Pierce's Golden Medical Discovery has no equal as a curative agent for consumption (lung-scrofula), bronchitis, chronic nasal catarrh, asthma, and kindred diseases of the throat and lungs.

For nearly half a century Ayer's Cherry Pectoral has been the most popular cough remedy in the world. The certainly increasing demand for this remedy proves it to be the very best specific for colds, coughs, and all diseases of the throat and lungs.

THE NEW DISCOVERY.

You have heard your friends and neighbors talking about it. You may yourself be one of the many who know from personal experience just how good a thing it is. It is guaranteed every time, or money refunded. Trial bottles free at VanDeusen Brothers, Rondout, and F. J. R. Clarke, Kingston, Drug stores.

PRISON REFORM.

At last in spite of demagogic labor agitators and the ignorant crowd behind them, the Legislature is going to pass a real reform measure for the employment of convicts in the prisons and penitentiaries of the state. The bill was before the Assembly yesterday in such an attitude as to assure its passage today with some amendments that will necessitate its return to the Senate, where of course it will pass easily. A large majority of the Democrats have shown opposition, but as it carries an appropriation of $1,000,000 (which is likely to be reduced to $750,000), the Governor will probably sign it.

The bill has already been outlined in these columns. It puts at the convict's option, after a certain limit, the length of time that he shall serve, by providing for his parole for good behavior and upon proof of thorough reformation. The only punishment permitted is solitary confinement on short rations, and proper measures are provided for the preservation of the health and sanity of the prisoner.

For the purposes of labor the convicts are to be classified under three distinct heads. The tractable and obedient are to be given occupation for instruction in some useful trade, and this is to be accomplished without regard to profit or loss. The incorrigible who are skillful and competent as workers are to be employed upon salable products, with a view both to the profit of the state and the fitting of the prisoners for self-support. The hardened offenders who resent discipline and make trouble for the managers are to be made to work, and their labor is to be employed solely for the profit of the state. Provision is made for a transfer of these classes, as the men improve or deteriorate under discipline. The contract system of labor is barred out, but both the state account and piece price systems are permitted. The life prisoners, who are debarred from commutation or parole, can be paid from 8 to 12 cents a day in the discretion of the officials. The products of the labor are to go to the supply of the institutions supported wholly or in part by the state.

Nothing but the rankest demagogy can find objections to such a bill. The Legislature, however, appears to have become tired of the constant interference and dictation of the labor agitators, and to have come to the conclusion that something is due to those convicts who are susceptible to reformatory influences, and also to the people who pay the taxes. The Fassett bill looks to the diminution of crime as its primary object. Nothing can be more promotive of this than the teaching of honorable industries to the convicts and their treatment like reasoning beings, capable of good and reformatory impulses.

LAND IN ABUNDANCE.

All was not lost to intending Western pioneers when 100,000 people, more or less, swooped down upon the little area of Oklahoma, a tract about the size of Delaware. From an article in the New York *Sun* which we copy elsewhere it will be learned that the government is negotiating with Indians for 6,022,000 acres in Indian Territory, and for more than 11,000,000 acres in the northwest corner of South Dakota. This is 26,000 square miles, an area larger than that of West Virginia, or about equal to that of the combined states of Massachusetts, Vermont and New Hampshire. If the people of the East and the South are therefore seeking new homes, here are opportunities for each, without bringing the conflicting civilizations of the two sections into contact. The Southerner can find congenial climate in Indian Territory, while the Northerner can be assured of something quite as satisfactory in the most genial quarter of the Dakotas.

The reports from people actually on the ground show that Oklahoma is disappointing to many. The air is hot, the soil sandy and arid, vegetation thin and of the most worthless description, the rivers shallow and sluggish, and pure water scarce. The Texan can easily adapt himself to these conditions, but not so the New Yorker and Ohioan. The latter must steer their "schooners" further northward. Dakota is the land for them, unless they prefer Nebraska, Kansas, Oregon, Washington or California, where millions of acres are yet waiting occupation.

The fever which the opening of Oklahoma excited will not, it is to be hoped, subside until a great deal of the yet unclaimed land spread over the West and Northwest is taken up by our American population. This sudden movement contrasts strangely with the apathy that the poorest of our native people at the East have exhibited while the great processions from Ireland, Germany and Scandinavia have passed westward and transformed the wildernesses of the Northwest into smiling and crop-laden farms. Not a straw needs to be laid in the path of the thrifty European, neither is there occasion for envying the good fortune that has lifted him out of the lowest poverty at home into prosperity, independence and even riches. But the native American has an equal right with him, and the rush for Oklahoma occasions surprise that he did not wake up to his great but steadily diminishing opportunities before.

GENEROUS CONDUCT

The value of that part of the cargo of the Missouri jettisoned by Capt. Murrell in order to save the passengers and crew of the Danmark was valued at only $2,500, but fears were entertained by the admirers of the brave Captain that he would have trouble because the loss was not covered by the policies of insurance. It was proposed in Philadelphia, if it became necessary, to make up the loss by voluntary contributions. But the proprietors of the Thingvalla line have relieved all anxiety on that score. They have not only issued orders for the settlement of all claims brought for the value of the cargo jettisoned by the Missouri, but have paid the owners of that ship for carrying the Danmark's passengers to the Azores and thence to Philadelphia.

The employers of Captain Murrell also justify his brave and humane action. One of them, Mr. Baker of Baltimore, says they they would have discharged him if he had acted differently. He said also that his company would have settled for the jettisoned cargo without a murmur if the demand had been made upon them. It speaks volumes for the magnanimity of human nature when everybody stands ready to approve a brave act by cheerful sacrifice or voluntary gifts. But the action of the Thingvalla company covers all demands. It not only bears its own loss with cheerfulness, but stands between all other parties and loss. Other captains will therefore be encouraged by the treatment that Captain Murrell has received to assume every necessary risk, and to remove every obstacle that stands in the way of the safety of any human life.

Three hundred and fifteen of the rescued passengers of the Danmark arrived at the Chicago depot yesterday. There was a vast crowd of friends and relatives on hand, and the greetings to those who had been given up as lost were tearful and affecting. Most of the company took trains for the more remote West after a little delay. The steamer Wieland, of the Hamburg-American Packet Company, which sailed from Hamburg on Sunday last, will stop at the Azores and bring over the rest of the Danmark's passengers, who were left there.

MURDEROUS AMAZONS.

Byron has described the "love of woman" as "a lovely and a fearful thing," and said something in the same connection about her revenge being "as the tiger's spring." His view has received a striking exemplification in Williamsburgh. Annie Cullen, Alice McKenney and Elizabeth Meyer, all under twenty years of age, were employed in Barton's knit jacket factory. They became engaged in a quarrel about a young man last Thursday, and at the close of the dinner hour Miss Meyer was found lying in the hall of the factory near the street door covered with blood. She was assisted to the office, and after the blood had been washed from her head and face she was carried home. On Sunday she was able to give an account of the affair. She said that she had always had trouble with the McKenny and Cullen girls. They had ridiculed her and interfered with her work because of their jealousy. On the day of the assault she lost her temper and retorted. As she went through the hall to the street door she was grabbed from behind by Miss McKenny. Miss Cullen then seized her by the ears and pounded her head against the heavy post in the partition, finishing up with several blows in the face with her fist. Then the injured girl fell to the floor and remembered nothing more till she found herself in the office.

Yesterday Miss Meyer's condition became critical, and her physicians declared that she could not recover from her injuries. Warrants were accordingly issued for the arrest of Misses Cullen and McKenney. They were found at work in the shop and taken into custody. When informed of the cause of their arrest and the dangerous condition of Miss Meyer they became hysterical and were placed in the patrol wagon with difficulty. Miss Meyer's ante-mortem statement was taken last night. She had been sinking rapidly since Sunday.

MORE LAND FOR SETTLERS.

Seventeen Million Acres Under Negotiation—A Chance for 100,000 Settlers to Get Quarter Sections.

[From the New York Sun.]

The appointment by the President of a Commission to renew negotiations for the purchase of half the Sioux reservation in Dakota, is a reminder that an area six times as great as Oklahoma will probably soon be opened to settlement. There is plenty of chance yet for those who have failed to get the kind of homestead they want. The Oklahoma tract, bought of the Creeks and Seminoles, contains, in round numbers, 1,887,000 acres; the Cherokee Strip, which will probably be bought this summer, contains 6,022,000; but the portion of the Sioux reserve which Gen. Crook's Commission will endeavor to purchase, under the recent act of Congress, amounts to more than 11,000,000 acres. The extent and fertility of these Sioux lands, the impulse which throwing them open will give to the Northwest, and the facilities which will be offered by the railroads of that region, make these negotiations very important.

The Commission appointed last year for the same purpose by President Cleveland reported that eight objections were made by the Sioux. These objections the Commissioners regarded as excuses for rejecting any reasonable proposal; and they declared that "the defeat of this act was a victory for indolence, barbarism and degradation, as against the influences of the farm, the workshop, the schools and the gospel." Secretary Vilas, however, invited the leading chiefs to a conference at Washington, and there offered them better terms. These were also rejected, yet for reasons so clearly put as to look like anything rather than the devices of ignorance and degradation. They showed that the Sioux had learned something about land values and about the way to make bargains.

The government wanted to give them 50 cents an acre for their lands, to have its own system of investing this money and paying out the income, and to follow its own notions of reservation boundaries and of the distribution of the proceeds of subsequent sales to settlers. The Indians objected to all this, and Congress took up their suggestions and partly conformed its plans to them. The Indians had asked for $1.25 per acre, to be placed directly to their credit in the Treasury, with interest at 5 per cent. They also insisted on the fulfillment of certain stipulations of former treaties. Congress consented to a change in the boundaries of two of the reservations, and stipulated that the Indians should receive the proceeds of lands sold to settlers at $1.25 per acre for the first three years; at 75 cents for the next two, and at 50 cents for the ensuing five, and that the government should take all the lands then unsold at 50 cents per acre.

There is ground for believing that this compromise will be satisfactory. The maximum price is the one fixed by the Indians themselves; yet since it applies only to lands taken within three years, probably it is no more than fair, because the choice lots will doubtless have been selected by the end of that period. Then there will be a reduction in price for the second and third picks of the land. Some of it, no doubt, is very poor, yet the Government can afford to pay fifty cents an acre for it to complete the trade. Sundry other changes were made in the original plan, including the fixing of a higher price on lands taken for schools or religious societies. Thus far all that has been heard from the Sioux reservations points toward the success of this plan.

Mrs. Winslow's Soothing Syrup for children teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. WHAT A THOUGHTFUL WIFE DID.

She induced me to try Dr. David Kennedy's Favorite Remedy, [made at Rondout, N. Y., you know], and after two weeks' trial I was completly cured of malarial poison, associated with impure blood and derangement of the whole system. I had previously tried other preparations without any benefit. Thanks are due my wife and Dr. David Kennedy's Favorite Remedy.—Thomas G. Spencer, 164 Twelfth-street, South Brooklyn, N. Y.

Price, $1. If your druggist has not got it send to he above address.

SHILOH'S CURE will immediately relieve Croup, Whooping Cough and Bronchitis. Sold by Frederick J. R. Clark.

SPECIAL BUSINESS NOTICES.

THAT TIRED FEELING

Afflicts nearly every one in the spring. The system having become accustomed to the bracing air of winter, is weakened by the warm days of the changing season, and readily yields to attacks of disease. Hood's Sarsaparilla is just the medicine needed. It tones and builds up every part of the body, and also expels all impurities from the blood. Try it this season

FORCED TO LEAVE HOME.

Over 60 people were forced to leave their homes yesterday to call for a free trial package of Lane's Family Medicine. If your blood is bad, your liver and kidneys out of order, if you are constipated, and have headache and an unsightly complexion, don't fail to call on any druggist to day for a free sample of this grand remedy. The ladies praise it. Every one likes it. Large size package 50 cents.

A NASAL INJECTOR free with each bottle of Shiloh's Catarrh Remedy. Price 50 cents. Sold by Frederick J. R. Clark.

"What's female beauty, but an air divine,
Through which the mind's all-gentler graces shine."

This may be good logic in poetry but in real life the "the mind's all-gentler graces shine" to better advantage when enclosed in a sound physique. Dr. Pierce's Favorite Prescription is a positive cure for the most complicated and obstinate cases of leucorrhea, excessive flowing, painful menstruation, unnatural suppressions, prolapsus, or falling of the womb, weak back, "female weakness," anteversion, retroversion, bearing-down sensation, chronic congestion, inflammation and ulceration of the womb, inflammation, pain and tenderness in ovaries, accompanied with "internal heat."

All kinds of people use the Hop Plasters because they cure quickly every pain and weakness.

"THE NAKED TRUTH."

Whilst Truth was one day bathing in a limpid river, Falsehood happened to pass, and noticing the garments of Truth on the bank of the stream, conceived the idea of exchanging his clothing for that of the bather, who came from the bath and mourned the loss sustained, but, disdaining Falsehood's garb, has since gone naked through the world. Whether the origin of the expression—"the naked truth"—is mythical or otherwise, it is universally known to be the "naked truth" that Dr. Pierce's Golden Medical Discovery has no equal as a curative agent for consumption (lung-scrofula), bronchitis, chronic nasal catarrh, asthma, and kindred diseases of the throat and lungs.

For nearly half a century Ayer's Cherry Pectoral has been the most popular cough remedy in the world. The certainly increasing demand for this remedy proves it to be the very best specific for colds, coughs, and all diseases of the throat and lungs.

THE NEW DISCOVERY.

You have heard your friends and neighbors talking about it. You may yourself be one of the many who know from personal experience just how good a thing it is. If you have ever tried it, you are one of its staunch friends, because the wonderful thing about it is, that when once given a trial, Dr. King's New Discovery ever after holds a place in the house. If you have never used it and should be afflicted with a cough, cold or any Throat, Lung or Chest trouble, secure a bottle at once and give it a fair trial. It is guaranteed every time, or money refunded. Trial bottles free at VanDeusen Brothers, Rondout, and F. J. R. Clarke, Kingston, Drug stores.

That tired, languid feeling and dull headache is very disagreeable. Take two of Carter's Little Liver Pills before retiring, and you will find relief. They never fail to do good.

They make one feel as though life was worth living. Take one of Carter's Little Liver Pills after eating; it will relieve dyspepsia, and digestion, give tone and vigor to the system.

RHEUMATISM.

For More than Twenty-five Years—A Complete Recovery—The Means Used.

I had Inflammatory Rheumatism. For nearly a year I had to be fed and turned in bed. I could find no relief. My stomach was ruined with powerful medicines taken to effect a cure so that I was compelled to live on bread and water. I suffered for twenty-five years in this way. I was induced to try Dr. Kennedy's Favorite Remedy, made at Rondout, N. Y., and

I Am Now Well,

thanks to his medicine. Dr. Kennedy's Favorite Remedy is my best friend. By its use I am enabled to enjoy a good night's rest; also food, such as meat and pastry, which I have been deprived for years, showing that the Favorite Remedy has no equal for the cure of Indigestion and Dyspepsia as well. If any should doubt this statement, I will send the ready proof at once.—GARRETT LANSING, Troy, N. Y.

It is my pleasure and absolute duty toward those who are struggling for very life against the deadly

Disease of the Kidneys

to add testimony to the wonderful efficacy of Dr. Kennedy's Favorite Remedy. My wife was in a hopeless condition, despaired of by the physicians. Dr. David Kennedy's Favorite Remedy was resorted to; not because any hope was placed in it, but because nothing else remained. The effect was little short of a miracle. With the use of the second bottle, she regained her strength and continuing the treatment has fully recovered—JAY SWEET, Albany, N. Y.

OKLAHOMA EXCITEMENT.

DISAPPOINTED BOOMERS WHO HAVE DESERTED THEIR CLAIMS.

A Feeling of Despondency Among Farmers And Immigrants—Contests for Claims—Guthrie's Back Said to be Broken—The Region Cursed.

By Telegraph to The Freeman.

ST. LOUIS, April 25.—The *Republic's* special from Arkansas City says: "The Oklahoma excitement is now confined almost wholly to the town site centres. As for the farmers, they have taken possession of their claims and have gone to work. The vast expanse of greensward is now broken in all directions by plowmen. It is said there is not a single quarter section of any value that is not homesteaded. A great many claims of no value have also been taken. There is a feeling of despondency among farmers and immigrants.

THE SOIL IS POOR.

Oklahoma City soil is poor, they say, and plowing reveals that there is a lack of essential agricultural qualities. It is now regarded as certain that no crop can be raised this year. Those who can afford to remain will do so, but the poorer classes will return to their old homes or find newer ones.

A DISAPPOINTED BOOMER.

At Purcell, one Barnes, who had forded the Canadian River with a heavy wagon and two yoke of oxen, said he had driven all the way from Texas across the Pan Handle Country to find the land of which he had heard so much. He had got a claim, and after he had found what it was worth had vacated it in favor of another man and was on his way back to Texas.

CLAIMS ALREADY DESERTED.

A number of claims have been deserted in various parts of the Territory and wagons can be seen frequently on the back track. Many of the disgruntled threaten to "squat" on the Indian lands surrounding Oklahoma. Some will fall back on the Cherokee strip. Others will go down into the Chickasaw country. That country is being rapidly settled by farmers who will pay an annual tax for the privilege of tilling the soil.

CONTESTS FOR CLAIMS.

Many contests for the possession of lands are threatened. Contests are already filed against the claim of Captain Couch, the old Boomer leader, on the ground that he disqualified himself from making an entry by entering the Territory years ago on booming expeditions. General James B. Weaver, of Iowa, one of the most persistent advocates of the opening of Oklahoma in Congress, has also had his claim contested, and has been accused of attempting to take the people by the throat. The old-time Boomer leaders have not fared well. A boy of 19, when found in possession of one of the claims, was shot and killed by an old Boomer, who had marked the claim as his own years ago. It is hinted at Purcell that the old colonists there assisted the murderer to escape into Texas. Twenty claims have been deserted in one neighborhood, and in the depot at Oklahoma City a broken homesteader offered to sell his claim for $25. The contest and excitement over town sites continues, and much trouble is promised.

LOCATION OF STREETS AND LOTS.

By Telegraph to The Freeman.

KANSAS CITY, April 25.—A Guthrie special to the *Times* says: "The topic most generally discussed is the vexatious question as to the location of streets and lots. A new survey will have to be made and endless litigation will doubtless result. The real estate market is dull, as purchasers are chary about acquiring property the title to which is in doubt. The order of the City is almost perfect. Rumors of bloodshed have been numerous, but not a single rumor has been confirmed.

CHAOS REIGNS.

By Telegraph to The Freeman.

CHICAGO, April 25.—An Arkansas City, Kans., special says: "Chaos reigns, not only in Oklahoma, but in the entire tributary country. The railroad is prostrated and communications are entirely cut off. The Western Union, with its crush of train dispatchers, will not touch a message of any other character in the Territory.

GUTHRIE'S BACK BROKEN.

Guthrie's back seems broken and there is a furious stampede to get out. People there are wild from the deprivations that lack of shelter, water and food imposed upon them. To these distresses are added the misfortunes of tempest, heat and the absence of means of flight. When a correspondent reached Willow Springs from the Diamond Bar Ranch, he learned from the dispatches that neither the north nor the south-bound passenger trains, shortly due, had been heard from. An hour of waiting passed, when a train of 20 cattle cars crept up from the South. The cars were locked but upon the roofs, the buffers, amid the coal on the tender, on the pilot and gangway of the locomotive, and packed in and upon the caboose, was a dense and miserable throng of men. The train from Guthrie had started with its strange load at 6 o'clock in the evening. It was useless to attempt to enforce the laws restrictive to railroad travel. The people were fleeing practically for their lives. They had added to long periods of privation the suffering of 17 hours without food or protection from the cold. No train had passed them and none was in sight behind They had left a howling mob in Guthrie baffled in its efforts to join in the flight. The uselessness of proceeding to Guthrie was apparent and the correspondent secured a footing for one foot and returned to this point with the laggard train.

THE REGION CURSED.

The fugitives shout with joy as they alight here and rush to the hydrants and eating houses. Curses are heaped upon the region and Government Marshals Needles and Jones are execrated without stint for the theft of the land, and the railroad is denounced for its feeble service.

FOUR MEN KILLED.

By Telegraph to The Freeman.

CHICAGO, April 25.—A special from Lisbon, Oklahoma, says: "Late last night a negro came rushing into Marshal Wyott's camp. He said four of his companions in a little colony 10 miles southeast had had a desperate fight with rival claimants and were reported shot. A deputy was sent out to effect arrests, and has not yet returned. Two men are reported dead on their claims four miles east, shot last night. The messenger that came in wanted help to bury them. He could not give particulars.

SPECIAL BUSINESS NOTICES.

A SOUND LEGAL OPINION.

E. Bainbridge Munday, Esq., County Attorney Clay County, Texas, says: "Have used Electric Bitters with most happy results. My brother also was very low with Malarial Fever and Jaundice, but was cured by timely use of this medicine. Am satisfied Electric Bitters saved his life.

Mr. D. I. Wilcoxson, of Horse Cave, Ky., adds a like testimony, saying: He positively believes he would have died had it not been for Electric Bitters.

THE MOTHER GUIDING

Her children through the perils of infancy may be compared to a pilot steering a vessel through seas of dangers known to him alone. Not the least of the good woman's anxieties arise from the fear of Whooping Cough, Croup and Diphtheria, the last two being especially serious and fatal. Yet multitudes of mothers now rely upon Dr. Kennedy's Cherry Balsam as a tried, trusted and successful specific for all these complaints. Containing no harmful ingredients it is wonderfully adapted to relieve the little ones. Given according to directions, if necessary in doses large enough to cause vomiting, it relieves Croup in a few minutes. It renders Whooping Cough, while running its usual course, much less wearing on the strength of the child, and is an invaluable auxiliary in the treatment of that dread disease, diphtheria. in fact no home or nursery is properly equipped unless a bottle of the Balsam is always on hand. And for the blood, Dr. Kennedy's Favorite Remedy should stand by its side.

The awe-struck audience gazed
On the figure, gaunt and gray;
'Twas the murdered king, or the ghost of him,
And Hamlet was the play.
His hour was brief, he said,
He must go ere light of day,
To the place of torment prepared for him,
Till his sins were purged away.
Yes, purged was the word he used,
And I thought what a remedy rare
Would Pierce's Purgative Pellets prove,
In his case, then and there.

Dr. Pierce's Pleasant Purgative Pellets have no equal as a cathartic in derangements of the liver, stomach and bowels. Small, pleasant in action, and purely vegetable.

SHILOH'S VITALIZER is what you need for Constipation, Loss of Appetite, Dizziness and all symptoms of Dyspepsia. Price 10 and 75 cents per bottle For sale by F. J. R. Clarke, Kingston.

OKLAHOMA EXCITEMENT.

DISAPPOINTED BOOMERS WHO HAVE DESERTED THEIR CLAIMS.

A Feeling of Despondency Among Farmers And Immigrants—Contests for Claims—Guthrie's Back Said to be Broken—The Region Cursed.

By Telegraph to The Freeman.

ST. LOUIS, April 25.—The *Republic's* special from Arkansas City says: "The Oklahoma excitement is now confined almost wholly to the town site centres. As for the farmers, they have taken possession of their claims and have gone to work. The vast expanse of greensward is now broken in all directions by plowmen. It is said there is not a single quarter section of any value that is not homesteaded. A great many claims of no value have also been taken. There is a feeling of despondency among farmers and immigrants.

THE SOIL IS POOR.

Oklahoma City soil is poor, they say, and plowing reveals that there is a lack of essential agricultural qualities. It is now regarded as certain that no crop can be raised this year. Those who can afford to remain will do so, but the poorer classes will return to their old homes or find newer ones.

A DISAPPOINTED BOOMER.

At Purcell, one Barnes, who had forded the Canadian River with a heavy wagon and two yoke of oxen, said he had driven all the way from Texas across the Pan Handle Country to find the land of which he had heard so much. He had got a claim, and after he had found what it was worth had vacated it in favor of another man and was on his way back to Texas.

CLAIMS ALREADY DESERTED.

A number of claims have been deserted in various parts of the Territory and wagons can be seen frequently on the back track. Many of the disgruntled threaten to "squat" on the Indian lands surrounding Oklahoma. Some will fall back on the Cherokee strip. Others will go down into the Chickasaw country. That country is being rapidly settled by farmers who will pay an annual tax for the privilege of tilling the soil.

CONTESTS FOR CLAIMS.

Many contests for the possession of lands are threatened. Contests are already filed against the claim of Captain Couch, the old Boomer leader, on the ground that he disqualified himself from making an entry by entering the Territory years ago on booming expeditions. General James B. Weaver, of Iowa, one of the most persistent advocates of the opening of Oklahoma in Congress, has also had his claim contested, and has been accused of attempting to take the people by the throat. The old-time Boomer leaders have not fared well. A boy of 19, when found in possession of one of the claims, was shot and killed by an old Boomer, who had marked the claim as his own years ago. It is hinted at Purcell that the old colonists there assisted the murderer to escape into Texas. Twenty claims have been deserted in one neighborhood, and in the depot at Oklahoma City a broken homesteader offered to sell his claim for $25. The contest and excitement over town sites continues, and much trouble is promised.

LOCATION OF STREETS AND LOTS.

By Telegraph to The Freeman.

KANSAS CITY, April 25.—A Guthrie special to the *Times* says: "The topic most generally discussed is the vexatious question as to the location of streets and lots. A new survey will have to be made and endless litigation will doubtless result. The real estate market is dull, as purchasers are chary about acquiring property the title to which is in doubt. The order of the City is almost perfect. Rumors of bloodshed have been numerous, but not a single rumor has been confirmed.

CHAOS REIGNS.

By Telegraph to The Freeman.

CHICAGO, April 25.—An Arkansas City, Kans., special says: "Chaos reigns, not only in Oklahoma, but in the entire tributary country. The railroad is prostrated and communications are entirely cut off. The Western Union, with its crush of train dispatchers, will not touch a message of any other character in the Territory.

GUTHRIE'S BACK BROKEN.

Guthrie's back seems broken and there is a furious stampede to get out. People there are wild from the deprivations that lack of shelter, water and food imposed upon them. To these distresses are added the misfortunes of tempest, heat and the absence of means of flight. When a correspondent reached Willow Springs from the Diamond Bar Ranch, he learned from the dispatches that neither the north nor the south-bound passenger trains, shortly due, had been heard from. An hour of waiting passed, when a train of 20 cattle cars crept up from the South. The cars were locked but upon the roofs, the buffers, amid the coal on the tender, on the pilot and gangway of the locomotive, and packed in and upon the caboose, was a dense and miserable throng of men. The train from Guthrie had started with its strange load at 6 o'clock in the evening. It was useless to attempt to enforce the laws restrictive to railroad travel. The people were fleeing practically for their lives. They had added to long periods of privation the suffering of 17 hours without food or protection from the cold. No train had passed them and none was in sight behind They had left a howling mob in Guthrie baffled in its efforts to join in the flight. The uselessness of proceeding to Guthrie was apparent and the correspondent secured a footing for one foot and returned to this point with the laggard train.

THE REGION CURSED.

The fugitives shout with joy as they alight here and rush to the hydrants and eating houses. Curses are heaped upon the region and Government Marshals Needles and Jones are execrated without stint for the theft of the land, and the railroad is denounced for its feeble service.

FOUR MEN KILLED.

By Telegraph to The Freeman.

CHICAGO, April 25.—A special from Lisbon, Oklahoma, says: "Late last night a negro came rushing into Marshal Wyott's camp. He said four of his companions in a little colony 10 miles southeast had had a desperate fight with rival claimants and were reported shot. A deputy was sent out to effect arrests, and has not yet returned. Two men are reported dead on their claims four miles east, shot last night. The messenger that came in wanted help to bury them. He could not give particulars.

THE MOTHER GUIDING

Her children through the perils of infancy may be compared to a pilot steering a vessel through seas of dangers known to him alone. Not the least of the good woman's anxieties arise from the fear of Whooping Cough, Croup and Diphtheria, the last two being especially serious and fatal. Yet multitudes of mothers now rely upon Dr. Kennedy's Cherry Balsam as a tried, trusted and successful specific for all these complaints. Containing no harmful ingredients it is wonderfully adapted to relieve the little ones. Given according to directions, if necessary in doses large enough to cause vomiting, it relieves Croup in a few minutes. It renders Whooping Cough, while running its usual course, much less wearing on the strength of the child, and is an invaluable auxiliary in the treatment of that dread disease, diphtheria. In fact no home or nursery is properly equipped unless a bottle of the Balsam is always on hand. And for the blood, Dr. Kennedy's Favorite Remedy should stand by its side.

For the delicate and aged and all in whom the vital current is impoverished and sluggish, Ayer's Sarsaparilla is the very best tonic. It restores the wasted tissues, and imparts to the system surprising elasticity and vigor. Price $1, Worth $5 a bottle.

The awe-struck audience gazed
On the figure, gaunt and gray;
'Twas the murdered king, or the ghost of him,
And Hamlet was the play.
His hour was brief, he said,
He must go ere light of day,
To the place of torment prepared for him,
Till his sins were purged away.
Yes, purged was the word he used,
And I thought what a remedy rare
Would Pierce's Purgative Pellets prove,
In his case, then and there.

Dr. Pierce's Pleasant Purgative Pellets have no equal as a cathartic in derangements of the liver, stomach and bowels. Small, pleasant in action, and purely vegetable.

I have been deaf in one ear ten years, and partially deaf in the other for two months; have been treated by ear specialty doctors and received no benefit. Having used Ely's Cream Balm for about a month I find myself greatly improved, and can hear well and consider it a most valuable remedy. I had also nasal catarrh, with dropping of mucous into my throat and pain over my eyes, which troubles also have entirely disappeared.—D. B. Yates, Upper Lisle, Broome Co., N. Y.

Smith Patten has been visiting in Kingston.

A peculiar horse disease is prevailing hereabout.

J. H. Crook is improving his property on River-street.

Miss Isabella Tabor, is at her home here seriously ill.

Theodore Donaldson, who has been ill, has about recovered.

James H. Hait, of Iowa, has returned to his home in the West.

Mrs. Eugene F. Patten has been visiting her mother in Highland.

The entertainment given in the Lattintown school, recently, was of a high order. S. B. Tabor is the Principal.

Trustee C. S. Northrip, of School District No. 2, forbade the sale of the school building on Saturday afternoon.

The Easter Sunday services, held in the churches here, were largely attended. The floral decorations were pretty.

Village lots are in demand. The number to be sold will soon be increased by the cutting up of a farm into lots, near the village.

The programme for the celebration of "Decoration Day" will be given to the public early next week. Services will be held in this village.

There is much historic ground in and near this village. Washington has held many conferences at the River, near where the Riverside Hotel now is.

Edward Anderson, George Donaldson, E. R. Martin and P. V. L. Purdy will represent the Grand Army Posts in this vicinity in the Inauguration parade in New-York.

The members of the singing class, which has been under the direction of the Rev. E. S. Bishop, of the M. E. Church, for nearly a year, are preparing to give a concert.

Resolutions of sympathy were passed at a meeting of the M. E. Sunday School held on a recent Sunday, regretting the death of Edwin Wood, who was an interested member of that School. The Secretary was ordered to have a copy of the resolutions suitably engrossed, and presented to the parents of Mr. Wood.

Mrs. Marcus Saxton was buried from her late residence on Thursday afternoon. Mrs. Saxton was well and extensively known in Southern Ulster and adjoining counties. She was a woman of remarkable character, beloved by all who knew her. She leaves a husband, daughter—Mrs. R. B. Kelly, of Poughkeepsie—and a son.

When the north-bound New-York Central Limited Mail reached Rhinecliff last night a young man was thrown from the platform of the rear car. He was picked up unconscious. His face and body were cut and bruised, but no bones were broken. He came to Rondout on the ferry-boat Transport this morning and went to the office of Drs. Smith & Crispell, where his wounds were dressed by Dr. A. Stern. He said his name was John Stow, and that he was employed in Chichester's factory, at Chichesterville.

As train No. 60, on the West Shore Railroad, south-bound, was approaching this City last evening and when near the locality known as Legg's Mills, a man was seen to jump from one of the cars. The train was stopped and the man picked up. He was found to be terribly cut about the head and body. The man, whose name is Ryan, was brought to the station in this City and his injuries attended to by the Railroad Surgeon, Dr. Chambers. Later in the evening he was sent to a New-York hospital. The injured man was stealing a ride and is believed to have mistaken the speed of the train when he jumped from it.

One of the Questions that Will be Considered—Fees, Etc.

This evening the Board of Excise of this City—J. M. Meyer, J. J. Groves and M. Winchell—will hold a meeting and fix the amount to be charged for licenses for the ensuing year. It is not believed the fees will be materially changed. One of the questions which will be considered is: "What constitutes a hotel license?" Complaints have been made that saloons which have no accommodations whatever have been granted hotel licenses. The prices of licenses during the past year were as follows: Hotel, $65; ale and beer, $45; store, $65; druggists', $50. In all 166 were granted, classified as follows: Hotel, 94; ale and beer, 62; druggists', 6; store, 4. In 1887, 163 licenses were granted, classified in the following manner: Hotel, 98; ale and beer, 54; druggists', 7; store 4.

It is expected that but little business will be transacted in this City. KINGSTON PHILHARMONIC SOCIETY.

The Members Preparing for Their Coming Concert on May 8.

A regular rehearsal of the Kingston Philharmonic Society was held last night in the City Hall. There was a large attendance. Professor Hulslander conducted the singing. The pieces to be sung by the Society at the concert, May 8, were practiced with success. There will be two more rehearsals before the concert. The first will be held in the City Hall next Wednesday night, and the second on the Tuesday evening following in the Academy of Music. During the rehearsal last evening, Professor Hulslander gave some interesting facts regarding the Handel and Haydn Society, of Boston. At a recent concert given by the Society the oratorio of "St. Paul," which is considered the most difficult oratorio on the list, was sung. There was a great demand for tickets. The sale was stopped a week before the day of the concert. A thousand persons were unable to gain admittance to the hall. In referring to proper discipline of societies of this character, the Professor said the management of the Handel and Haydn Society frequently dismissed members because they were not regular in attendance at the rehearsals. When they found a new difficulty that there were members who did not sing, these were also dismissed. Because of this discipline, the Society was kept at its full standard. These words were spoken as a hint to members of the Philharmonic who are not prompt in attendance and who are careless when they do attend. It was stated during the rehearsal, that the music of the coming concert would be principally part songs and glees—pieces specially chosen to please the general public.

THE BOARD OF EDUCATION.

REPORTS OF THE PRINCIPALS PRESENTED AND READ.

Amount Required For the Salaries of Teachers, Etc., Stated—Finance Committee Makes Report—Placed On File—Election.

The members of the Kingston Board of Education held their annual meeting last night. Professor Cheney, of Kingston Academy, reported: "Number on registry, 207; per cent of attendance, 91.8. The attendance is not only unusual in numbers for a spring term, but unusually uniform. * * We report the largest number of non-resident pupils shown by the record since the Academy was incorporated in the public school system. The number now reaches 80, and they still continue to come."

Principal Darrow, of No. 8, reported: "Registered, 369; per cent. of attendance, 95.5. There are 450 pupils with nine teachers. The examinations are satisfactory with few exceptions."

D. D. Murphy, of No. 15, reported: "Number enrolled, 99; per cent. of attendance, 90 4. Percentage is low because pupils remained from school to attend religious services at different churches. Good work cannot be done where the attendance is irregular. Pupils who are absent a great deal not only fall behind their classes but they prevent the rapid progress of those who attend regularly. Those who attended regularly made the best showing at the examinations."

Principal Mower, of No. 5, reported: "Attendance, 263; per cent. of attendance, 94. All the teachers have been present during the past two weeks. Good work has been done."

Principal Bennett, of No. 11, reported: "Attendance, 308; per cent. of attendance, 96.2."

The Principals of all the schools said that arrangements were being made to properly observe Arbor Day. Some had the offer of trees from people living in the vicinity and others asked that trees be furnished. The Principal of No. 11 said that the school yard could be improved by tree culture. The furnishing of trees was referred to the Committee on Repairs and Supplies.

The Committee on Organization reported the amount required for salaries of teachers, janitors, etc., for the school year beginning July 1, 1889, and closing June 30, 1890, as estimated, would be $24,500. This report was referred to the Finance Committee.

The Committee on Organization further reported a recommendation, which was adopted, that the principals in charge of the schools assemble their pupils at the school grounds on Arbor Day and carry out as far as practicable the suggestions of the State Superintendent of Public Instruction.

Those in the employ of the Board who were desirous of being retained for another year were requested to send in their applications on or before May 18.

The Finance Committee reported bills audited $149.01. The report was adopted and warrants ordered issued for the same.

The report of the Treasurer was read as follows:

Amount overdrawn	$9.147 08

Report of Collector read:

Tax collected	$19,245 39
Amount uncollected	254 61

These reports were received and placed on file. The Collector was requested to furnish a description of property upon which tax is uncollected.

The Committee on Repairs and Supplies gave estimate of amount required for coming year, $4,000, which was received and placed on file.

The Superintendent of Schools in the district reported attendance was good, examinations satisfactory, and that teachers were striving to do good work. The pupils were interested. "School work never better than now in my experience of 14 years."

Professor Cheney said that a joint meeting of Normal School and Academy Principals of the State would be held in May at Cortland, for the purpose of considering matters pertaining to secondary and higher education, and that Superintendent Draper had appointed C. T. Smith, of Lansingburgh, and himself—Professor Cheney—to represent the Academies of the State. He asked for leave to be absent May 13, 14 and 15. The request was granted.

The Board then proceeded to the election of officers for the ensuing year. James E. Betts was unimously re-elected President. Mr. Betts, in a terse speech, thanked the Board for the honor. Charles Burhans was elected Treasurer unanimously. A ballot was taken for Collector. The two candidates were S. S. Westbrook and M. Winchell. Mr. Westbrook was chosen. C. M. Ryon was appointed Secretary of the Board.

NOTES ABOUT CURRENT LITERATURE.

May Number of "Century"—"Scribner's Magazine"—The "Forum."

The illustrations in *Garden and Forest* for April 24 include eight artistic designs for simple tombstones. Two interesting and timely articles in the same issue treat of "The Care of Small Tracts of Woodland" and "Hardy Deciduous Shrubs."

Octave Thanet, who has achieved a reputation as a writer of sketches of Arkansas life will contribute a sixteenth century story to the May *Scribner*, which although in a new field for her, is of unusual dramatic power. The title is, "The Dilemma of Sir Guy, The Neuter."

The Vicomte Eugene Melchior de Vogue, who will begin a series of papers on "Social Life in Russia," in *Harper's Magazine* for May, is of Russian extraction. He was elected one of the "Forty Immortals" by the French Academy last fall. Dr. Charles C. Abbott shows how a Jersey mud-hole can become "a thing of beauty."

One of the leading articles in the *Forum* for May will be "The Saloon as a Political Power," by Ernest H. Crosby, son of the Rev. Dr. Howard Crosby, who has for several sessions of the New-York Legislature advocated a high license law. Mr. Crosby treats the subject in an able manner, and shows the effect the saloon power in politics has in debauching the ballot box and in encouraging the sale of office.

It is not generally known that Lincoln prepared an address to the American people in 1864, which address was suppressed by him and has never been seen by the public. It was a constitutional argument on the subject of the draft. It will be printed for the first time in the May *Century* from Mr. Lincoln's MS. The authors of the "Life of Lincoln" consider it one of the President's most admirable papers. They that after Mr. Lincoln had finished it, "doubts arose in his mind as to the propriety or the expediency of addressing the public directly in that manner."

Thirty-Two Years Ago.

[From the Oneonta Spy.]

On the middle of April, 1857, 32 years ago, the greatest spring snow fall ever known so late in the season came down. It was heavy all over Otsego County, but generally much heavier in Delaware. At Franklin it lay full four feet on the level, wet and well packed at that. The village streets looked like long deep cuts of a railroad, and all over the town scores of buildings were crushed. The roof of the Presbyterian Church had a narrow escape and was saved by a hurried shoveling off of the heavy mass. Colchester people claimed seven feet of snow in places and in some of the deep mountain gorges it lingered nearly all summer. The general departure of the snow disclosed as bright an earth mantle as ever was seen.

When the Millenial Days Arrive.

[From the Oneonta Spy.]

When the millenial days get here, the pitiable spectacle of drunken men picked up on the streets, or packed away in the lock-up to get sober will be no more seen. For all this miserable business, how few think of the hearts that bleed in the saddened and blighted homes, or of the poor children that suffer from all the woes that follow the steps of the erring.

ACCIDENTS ON TWO RAILROADS.

Thrown From a Car—Jumped From a Moving Train; Result.

When the north-bound New-York Central Limited Mail reached Rhinecliff last night a young man was thrown from the platform of the rear car. He was picked up unconscious. His face and body were cut and bruised, but no bones were broken. He came to Rondout on the ferry-boat Transport this morning and went to the office of Drs. Smith & Crispell, where his wounds were dressed by Dr. A. Stern. He said his name was John Stow, and that he was employed in Chichester's factory, at Chichesterville.

As train No. 60, on the West Shore Railroad, south-bound, was approaching this City last evening and when near the locality known as Legg's Mills, a man was seen to jump from one of the cars. The train was stopped and the man picked up. He was found to be terribly cut about the head and body. The man, whose name is Ryan, was brought to the station in this City and his injuries attended to by the Railroad Surgeon, Dr. Chambers. Later in the evening he was sent to a New-York hospital. The injured man was stealing a ride and is believed to have mistaken the speed of the train when he jumped from it.

MEETING OF BOARD OF EXCISE.

One of the Questions that Will be Considered—Fees, Etc.

This evening the Board of Excise of this City—J. M. Meyer, J. J. Groves and M. Winchell—will hold a meeting and fix the amount to be charged for licenses for the ensuing year. It is not believed the fees will be materially changed. One of the questions which will be considered is: "What constitutes a hotel license?" Complaints have been made that saloons which have no accommodations whatever have been granted hotel licenses. The prices of licenses during the past year were as follows: Hotel, $65; ale and beer, $45; store, $65; druggists', $50. In all 166 were granted, classified as follows: Hotel, 94; ale and beer, 62; druggists', 6; store, 4. In 1887, 163 licenses were granted, classified in the following manner: Hotel, 98; ale and beer, 54; druggists', 7; store 4.

It is expected that but little business will be transacted in this City. KINGSTON PHILHARMONIC SOCIETY.

The Members Preparing for Their Coming Concert on May 8.

A regular rehearsal of the Kingston Philharmonic Society was held last night in the City Hall. There was a large attendance. Professor Hulslander conducted the singing. The pieces to be sung by the Society at the concert, May 8, were practiced with success. There will be two more rehearsals before the concert. The first will be held in the City Hall next Wednesday night, and the second on the Tuesday evening following in the Academy of Music. During the rehearsal last evening, Professor Hulslander gave some interesting facts regarding the Handel and Haydn Society, of Boston. At a recent concert given by the Society the oratorio of "St. Paul," which is considered the most difficult oratorio on the list, was sung. There was a great demand for tickets. The sale was stopped a week before the day of the concert. A thousand persons were unable to gain admittance to the hall. In referring to proper discipline of societies of this character, the Professor said the management of the Handel and Haydn Society frequently dismissed members because they were not regular in attendance at the rehearsals. When they found a new difficulty that there were members who did not sing, these were also dismissed. Because of this discipline, the Society was kept at its full standard. These words were spoken as a hint to members of the Philharmonic who are not prompt in attendance and who are careless when they do attend. It was stated during the rehearsal, that the music of the coming concert would be principally part songs and glees—pieces specially chosen to please the general public.

Meeting May be Interesting.

The meeting of this City's Common Council, to be held to-morrow evening, is likely to be an interesting one. THE BOARD OF EDUCATION.

REPORTS OF THE PRINCIPALS PRESENTED AND READ.

Amount Required For the Salaries of Teachers, Etc., Stated—Finance Committee Makes Report—Placed On File—Election.

The members of the Kingston Board of Education held their annual meeting last night. Professor Cheney, of Kingston Academy, reported: "Number on registry, 207; per cent of attendance, 91.8. The attendance is not only unusual in numbers for a spring term, but unusually uniform. * * We report the largest number of non-resident pupils shown by the record since the Academy was incorporated in the public school system. The number now reaches 80, and they still continue to come."

Principal Darrow, of No. 8, reported: "Registered, 369; per cent. of attendance, 95.5. There are 450 pupils with nine teachers. The examinations are satisfactory with few exceptions."

D. D. Murphy, of No. 15, reported: "Number enrolled, 99; per cent. of attendance, 90 4. Percentage is low because pupils remained from school to attend religious services at different churches. Good work cannot be done where the attendance is irregular. Pupils who are absent a great deal not only fall behind their classes but they prevent the rapid progress of those who attend regularly. Those who attended regularly made the best showing at the examinations."

Principal Mower, of No. 5, reported: "Attendance, 263; per cent. of attendance, 94. All the teachers have been present during the past two weeks. Good work has been done."

Principal Bennett, of No. 11, reported: "Attendance, 308; per cent. of attendance, 96.2."

The Principals of all the schools said that arrangements were being made to properly observe Arbor Day. Some had the offer of trees from people living in the vicinity and others asked that trees be furnished. The Principal of No. 11 said that the school yard could be improved by tree culture. The furnishing of trees was referred to the Committee on Repairs and Supplies.

The Committee on Organization reported the amount required for salaries of teachers, janitors, etc., for the school year beginning July 1, 1889, and closing June 30, 1890, as estimated, would be $24,500. This report was referred to the Finance Committee.

The Committee on Organization further reported a recommendation, which was adopted, that the principals in charge of the schools assemble their pupils at the school grounds on Arbor Day and carry out as far as practicable the suggestions of the State Superintendent of Public Instruction.

Those in the employ of the Board who were desirous of being retained for another year were requested to send in their applications on or before May 18.

The Finance Committee reported bills audited $149.01. The report was adopted and warrants ordered issued for the same.

The report of the Treasurer was read as follows:

Amount overdrawn	$9,147 08
Report of Collector read:	
Tax collected	$19,245 39
Amount uncollected	254 61

These reports were received and placed on file. The Collector was requested to furnish a description of property upon which tax is uncollected.

The Committee on Repairs and Supplies gave estimate of amount required for coming year, $4,000, which was received and placed on file.

The Superintendent of Schools in the district reported attendance was good, examinations satisfactory, and that teachers were striving to do good work. The pupils were interested. "School work never better than now in my experience of 14 years."

Professor Cheney said that a joint meeting of Normal School and Academy Principals of the State would be held in May at Cortland, for the purpose of considering matters pertaining to secondary and higher education, and that Superintendent Draper had appointed C. T. Smith, of Lansingburgh, and himself—Professor Cheney—to represent the Academies of the State. He asked for leave to be absent May 13, 14 and 15. The request was granted.

The Board then proceeded to the election of officers for the ensuing year. James E. Betts was unimously re-elected President. Mr. Betts, in a terse speech, thanked the Board for the honor. Charles Burhans was elected Treasurer unanimously. A ballot was taken for Collector. The two candidates were S. S. Westbrook and M. Winchell. Mr. Westbrook was chosen. C. M. Ryon was appointed Secretary of the Board.

A notice has been posted in the Rondout Post-Office stating that "box rents must be paid by April 27 or boxes will be shut off." Under existing laws, it is claimed, patrons of a Post-Office are not to be allowed more than 10 days' time to pay box rentals after the expiration of the term for which they were rented.

At the Eddyville dam, it is said, shad are being caught in large numbers. A young man named John VanAken, last night, caught 26 in one haul.

Within the past two days Hudson River fishermen have been catching shad at Kingston Point, though in small numbers. The number being caught at other nearby points is also as yet small. Few, if any shipments, have been made.

NOTES ABOUT CURRENT LITERATURE.

May Number of "Century"—"Scribner's Magazine"—The "Forum."

The illustrations in *Garden and Forest* for April 24 include eight artistic designs for simple tombstones. Two interesting and timely articles in the same issue treat of "The Care of Small Tracts of Woodland" and "Hardy Deciduous Shrubs."

Octave Thanet, who has achieved a reputation as a writer of sketches of Arkansas life will contribute a sixteenth century story to the May *Scribner*, which although in a new field for her, is of unusual dramatic power. The title is, "The Dilemma of Sir Guy, The Neuter."

The Vicomte Eugene Melchior de Vogue, who will begin a series of papers on "Social Life in Russia," in *Harper's Magazine* for May, is of Russian extraction. He was elected one of the "Forty Immortals" by the French Academy last fall. Dr. Charles C. Abbott shows how a Jersey mud-hole can become "a thing of beauty."

One of the leading articles in the *Forum* for May will be "The Saloon as a Political Power," by Ernest H. Crosby, son of the Rev. Dr. Howard Crosby, who has for several sessions of the New-York Legislature advocated a high license law. Mr. Crosby treats the subject in an able manner, and shows the effect the saloon power in politics has in debauching the ballot box and in encouraging the sale of office.

It is not generally known that Lincoln prepared an address to the American people in 1864, which address was suppressed by him and has never been seen by the public. It was a constitutional argument on the subject of the draft. It will be printed for the first time in the May *Century* from Mr. Lincoln's MS. The authors of the "Life of Lincoln" consider it one of the President's most admirable papers. They that after Mr. Lincoln had finished it, "doubts arose in his mind as to the propriety or the expediency of addressing the public directly in that manner."

John Raymond, a machinist employed in the shop of the Cornell Steamboat Company, Rondout, appeared in Court and asked that a warrant be issued for the arrest of a man whose name he did not know, but whom he said he could identify, on a charge of entering the shop mentioned, breaking open his tool chest and robbing it of its contents. The warrant was issued and placed in the hands of Special Officer Cassidy.

Thirty-Two Years Ago.

[From the Oneonta Spy.]

On the middle of April, 1857, 32 years ago, the greatest spring snow fall ever known so late in the season came down. It was heavy all over Otsego County, but generally much heavier in Delaware. At Franklin it lay full four feet on the level, wet and well packed at that. The village streets looked like long deep cuts of a railroad, and all over the town scores of buildings were crushed. The roof of the Presbyterian Church had a narrow escape and was saved by a hurried shoveling off of the heavy mass. Colchester people claimed seven feet of snow in places and in some of the deep mountain gorges it lingered nearly all summer. The general departure of the snow disclosed as bright an earth mantle as ever was seen.

When the Millenial Days Arrive.

[From the Oneonta Spy.]

When the millenial days get here, the pitiable spectacle of drunken men picked up on the streets, or packed away in the lock-up to get sober will be no more seen. For all this miserable business, how few think of the hearts that bleed in the saddened and blighted homes, or of the poor children that suffer from all the woes that follow the steps of the erring.

Tenants are Moving.

The Delaware & Hudson Canal Company has taken for its own uses its property at Derrenbacher's Corners, Rondout, and the tenants there are moving to other locations furnished by the Company.

FROM NOVA SCOTIA.

A dispatch from Newburgh to THE FREEMAN, to-day, stated: The first vessels from Windsor, Nova Scotia, to reach this port this season, with cargoes of gypsum, were the Lily, Captain J. W. Dill, and the C. C. VanHorn, Captain William A. Parker. The former brought 450 tons and the latter 540 tons of gypsum for the plaster works here. The wind was high on the Hudson, to-day, and the Lily ran into the plaster works, breaking off its bowsprit and slightly damaging the building.

NOTES ON NEWS OF THE DAY.

THE complete majority against Prohibition in Massachusetts is 44,499. That should serve as a settler of the question.

MR. BLAINE remained in his rooms at the Arlington yesterday, suffering from rheumatism. His condition does not excite alarm.

THE Erie canal from Buffalo to Utica, and the Champlain, Black River, Oswego, Cayuga and Seneca canals will open for navigation May 1st. The Erie canal from Utica to Buffalo will open May 4th.

WATER in Oklahoma is ten cents a drink, and it requires good teeth and an unsensitive nose to swallow it. Thousands of the boomers would gladly swap their boom for a glass of clean water and a square meal.

MURAT HALSTEAD of the Cincinnati *Commercial* is so far on the road towards recovery that his sons who were called home from the East have returned. We shall soon get Mr. Halstead's views on the subject of confirmations by the Senate.

MR. CLEVELAND hastens to deny a reported interview in a North Carolina paper, in which he was made to say that he would not be a candidate in 1892. Mr. Cleveland's scruples against a second term only troubled him during the season of 1884.

IN Hickory Ground, Va., last Sunday night, a black man named Dempsey tried to play White Cap on another named Harding, but while he was forcing himself into Harding's house was shot and killed. Harding was acquited on the plea of self-defense.

THE Brooklyn Supreme Court gave Miss Alice Allen yesterday a verdict of $12,500 damages against the State Line of steamers. Miss Allen had been poisoned by a dose of mercury given to her by mistake by a stewardess of one of the boats, and has not yet recovered.

FANNY DAVENPORT has been sued by two members of her company, Lotto and Williams, for libel. She posted them as "ungentlemanly and discourteous," and they think they have been damaged $5,000 each. Miss Davenport will make more than their claims out of the advertisement.

ASSISTANT Postmaster General Clarkson appointed 175 new Postmasters yesterday. He says he is only filling vacancies or clearing out incompetents. When he gets through with these the fun will be only just begun. Mr. Clarkson may not be much of a Mugwump, but of his Republicanism there can be no doubt.

THERE is a real case of yellow fever at Sanford, Florida. This is unquestionably from the seed sown last year. The scourge is given an early start, and the people are justified in taking the alarm and demanding the enforcement of extraordinary sanitary measures. Sanford is in the centre of the state, and needs to be isolated at once.

The two girl firebugs of Summit, N. J., Emma and Henrietta Day, who pleaded guilty to setting fires and then retracted, were sentenced yesterday at Elizabeth. Emma was given six months in Union county jail, and Henrietta, who is under 16, was sent to the reform school. There was a quite prevalent opinion at the trial that the girls were not guilty at all.

SENATOR PAYNE declares that he will not be a candidate for re-election. His reason is that two years hence, when his term expires, he will be 81 years old. At this age he thinks he ought to take a back seat, and permit the boys with whom Allen G. Thurman trains to come to the front. But the next Ohio Legislature will be of neither the Payne nor Thurman variety.

THE report that three men had been killed at Oklahoma in a land claim dispute was promptly denied, but the story was at once revised with the number of slain reduced to one. This also proves to be a fiction. There have been no murders and very few disputes. The fidelity with which the law has been observed surprises even those accustomed to life in peaceful communities.

HON. OLIVER MOWATT visited the Senate at Albany yesterday, and Mr. Pierce moved that he be accorded the privileges of the floor. Senator Murphy objected to any courtesy being extended to a dependent of the British crown. Mr. Mowatt stared at the New York Senator for a moment in mild surprise, and then rose hastily and left the house. Forty years ago Mr. Murphy was himself a "dependent of the British crown."

THE New York *Sun*, which is the most persistent stickler for correct English in the country, announces that Mrs. Cleveland has leased a cottage at New Bedford for a summer residence. The fact is interesting, but it is not correctly stated, inasmuch as Mrs. Cleveland is not the owner or agent, but secures possession of the property by a lease issued to her by the owner. She is not the lessor but the lessee. She has simply rented the cottage.

THERE was voting on the license question in Russell county, Va., yesterday, during the course of which William Porter walked up to Swin Howell, and presenting a revolver, said, "I am going to shoot you." He fired and Howell received two wounds, neither of them dangerous. Then Howell got out his revolver and killed Porter with three shots. Two other persons named Sargent and Johnson were killed while trying to quell the disturbance, and another named Crowell was slightly wounded. Here is the foundation for another Virginia vendetta and the extermination of a half-dozen families.

THE train that will carry President Harrison to New York next week is described as the handsomest that ever went over the Pennsylvania road. It will consist of combination car, dining car, four sleeping cars, and Vice President Thompson's private car. The train will leave Washington Tuesday at 1 A. M., and at 10 o'clock the guests are expected to be in the presence of the New York reception committee. The party will consist of about 65 persons, including the President's family, the Cabinet, Justices of the Supreme Court and Gen. Schofield. The President will return to Washington Wednesday afternoon, leaving Jersey City at 4 o'clock.

IN N. Y. LEGISLATURE TO-DAY.

State Senator Linson Speaks in Favor Of His Ballot Reform Bill.

By Telegraph to The Freeman.

ALBANY, April 25.—In the Assembly today Fish, Chairman of the Assembly Ceiling Investigating Committee, stated that the report of the Committee would be presented tomorrow morning.

Vedder's liquor tax bill came down from the Senate. In a jocose way several Republicans asked that the bill be ordered to a third reading. There was a storm of objections from the minority and the bill went to the Committee of Ways and Means.

The report of the Conference Committee on the annual appropriation bill was adopted, and the bill now goes to the Governor. The report corrects the computation for the salaries of Justices of the Supreme Court so as to make it $272,000 instead of $269,000; adds $20,000 for premiums to agricultural societies; reduces the appropriation for the State Dairy Commission from $100,000 to $85,000; provides $7,500 for the salary of the Capitol Commissioner; strikes out Sheehan's amendment relative to the Cayuga Indians; raises the appropriation for the State Reformatory at Elmira from $70,000 to $100,000; adds $60,000 for the maintenance of the Hudson House of Refuge; adds to the Normal School appropriation $2,000 for Brockport, $1,500 for Cortland, $1,000 for New-Paltz, $1,500 for Potsdam, and adds $12,000 for the examinations of law students as provided in the code of civil procedure.

Bills passed; Rhodes', making a non-partisan two-headed Park Board for New-York City.

Coons' compulsory education bill was discussed at some length. An amendment offered by Hornidge that the provisions of the bill shall not apply to any truant home was adopted and the bill passed, ayes 96, noes 11.

Senator Pierce's bill, making May 1 next a legal holiday in New-York and Brooklyn, was passed.

The vote by which the Fassett prison bill as amended was lost yesterday was reconsidered and the bill again discussed.

R. P. Bush moved to make the appropriation in the bill $500,000 instead of $1,000,000.

Peck thought $250,000 would be ample. The amount was finally fixed at $500,000.

An amendment offered by Yates was adopted to prevent the incarceration in the prisons or penitentiaries of State prisoners sentenced in United States Courts held outside of the State or in other state courts. The bill was passed, 97 to 20.

The New-York and New-Jersey bridge bill was reconsidered and passed; ayes 70, noes 40.

Cottrell's concurrent resolution that when the Legislature adjourns to-morrow it be until Monday, May 6, at 8:15 P. M., was adopted.

IN THE STATE SENATE.

By Telegraph to The Freeman.

ALBANY, April 25.—In the Senate to-day the States Prisons Committee reported for consideration Senator Fassett's prison bill. At Fassett's request the bill was ordered to a third reading.

The ballot reform bill came up on third reading.

Arnold explained the provisions of the bill.

Linson moved to substitute the electoral reform bill introduced by him for the Saxton bill, and made a speech in its favor. He declared the Saxton bill, if passed, would absolutely disfranchise all persons who could not read. There were a great many honest and worthy men in the State who were thus incapacitated. The bill allowed a voter suffering from physical disability to take a person with him into the booth to mark his ballot, but this did not include persons whose only disability was that they could not read or write. His bill, by allowing both official and unofficial ballots, would remedy this defect. He referred to the many inconsistencies in the Saxton bill. Page after page was devoted to the theory of nomination, but in the latter part of the bill Saxton with one fell swoop wiped out all necessity for nomination by the provision that a voter could insert in the ballot the name of any person, and such vote shall be counted the same as if printed upon the ballot.

Arnold supported the Saxton bill and Grady spoke against it. The vote was then taken on Linson's motion to substitute his bill, and it was lost, 11 to 18, a strict party vote.

Linson then offered an amendment to the Saxton bill to compel general registration. Lost by the same vote. He next offered an amendment providing for proceedings in *quo warranto* to oust a successful candidate for bribery; also amendments relative to the use of pay envelopes and the intimidating of employes by other means, and in regard to filing an itemized statement of election expenses. All the amendments were lost although Laughlin voted for the last mentioned and Erwin and Fassett thought it was a good one.

The Saxton bill was then passed 18 to 11, a party vote. Ayes, Arnold, Coggeshall, Deane, Erwin, Fassett, Hawkins, Hendricks, Kellogg, Laughlin, O'Connor, Robertson, Russell, Sloan, Sweet, VanCott, Vedder, Walker, Worth. Noes, Cantor, Foley, Grady, Ives Langbein, Linson, McNaughton, Murphy, Pierce, Stadler, Ward.

The Senate concurred in the Assembly resolution to adjourn over next week.

Vedder introduced a bill providing that the Governor shall appoint Commissioners to allot lands to the Indians of the State. [Ordered to a third reading].

BILLS THAT HAVE BECOME LAWS.

By Telegraph to The Freeman.

ALBANY, N. Y., April 25.—The following bills to-day became laws:

Chapter 186, Mr. Walter's bill amending the general act for incorporation of villages.

Chapter 187, authorizing the Supervisors of Kings County to borrow $90,000 to fit up and furnish the Thirty-Second Regiment Armory.

Chapter 188, fixing the salaries of patrolmen, acting as roundsmen of police in New-York, at not less than $1,200 per annum. [Not signed].

Chapter 189, providing a system of sewerage in a part of the town of New Utrecht, Kings County. [Not signed.]

Chapter 190, amending act of 1876, enabling the Owego Steamboat Company to improve the navigation of part of the Susquehanna River.

DEATH OF AN OLD CENTRAL ENGINEER.

Had Pulled More of the Vanderbilt Specials Than Any Other Man.

By Telegraph to The Freeman.

SCHENECTADY, April 25.—Reuben S. Allen, one of the oldest engineers of the Central Railroad, and one who has probably "pulled" more of the Vanderbilt special trains than any other engineer in the country, died at his residence in this City this morning, aged 66 years. Mr. Allen was born in Burlington, Vt., in 1823.

OTHER DEATHS.

By Cable to The Freeman.

LONDON, April 25.—Count Plater, famous in the Polish region, has died in Switzerland.

NEW-YORK, April 25.—Albert M Frey, who has held the pool championship for the past three years, died to-day. He was taken ill Saturday last with pleuro-pneumonia.

WAUKEGAN, Ills., April 25.—Elijah M. Haines, ex-Speaker of the Assembly, and for many years a prominent figure in State politics, died this morning of paralysis.

SOME RECENT DISASTROUS FIRES.

Conflagration at Stanbridge, Canada; Much Railroad Property Burned.

By Telegraph to The Freeman.

ST. ALBANS, Vt., April 25.—Stanbridge, just across the Canadian line, was visited by a disastrous fire about 2:30 this morning, resulting in the destruction of the Canadian Pacific Railroad depot, freight house, engine house, one engine, two passenger cars and eight freight cars, most of which were loaded. Seneger's large general store, two hotels and several houses were also burned. The fire originated in the railroad woodshed, and as the village is without a fire department the buildings were at the mercy of the flames. Loss probably $25,000; Seneger's store was a new one and insured for $8,000. The insurance on both hotels is $7,000. An engine and hose cart went from St. Albans to prevent the fire from spreading.

DENIAL FROM GENERAL BOULANGER.

Says He Has No Thought of Issuing a Manifesto—Bouquets Received.

By Cable to The Freeman.

LONDON, April 25.—In an interview today General Boulanger denied that he would immediately issue a manifesto explaining his intentions, and stated that as yet he had no thought of doing so. The General has received scores of bouquets sent to him by admirers in France. He has received many invitations to parties to be given by persons who are desirous of lionizing him.

BRUSSELS, April 25.—Henri Rochefort went to London because the Belgian Government requested that he should leave the country.

GUSHER OIL WELL STRUCK TO-DAY.

Believed 7,000 Barrels will be Lost Before the Product is Tanked.

By Telegraph to The Freeman.

PITTSBURG, Pa., April 25.—A gusher oil well was struck near Legronville, on the Fort Wayne Railroad, 19 miles from this City, this morning. When the sand was tapped the oil spurted 115 feet in the air, and it is now flowing about 700 barrels a day. No provision was made to save the oil, and it is stated 7,000 barrels will be wasted before it can be tanked. The well is the first gusher ever struck in that vicinity, and the inhabitants of the country are wild with excitement. Land has doubled in value during the day.

FAST TIME BY THE CITY OF NEW-YORK.

It Beat the City of Rome and Germanic Across the Ocean.

By Telegraph to The Freeman.

NEW-YORK, April 25.—The steamship "City of New-York" arrived at Sandy Hook at 1:42 o'clock, this morning, having made the trip from Queenstown Harbor in six days, 14 hours and seven minutes. The "City of New-York" and the "City of Rome" passed Fastnet Light at about the same time on Thursday last, and the "Germanic" started from Queenstown one hour and a half ahead of the "City of New-York." The "City of Rome" and "Germanic" are expected to be heard from this evening or to-morrow.

TWO FREIGHT TRAINS COLLIDE.

Brakeman, Conductor and Engineer were Fatally Crushed; Two Others Injured.

By Telegraph to The Freeman.

CINCINNATI, April 25.—A dispatch from Glen Mary, Tenn., says a collision occurred there yesterday between two freight trains as a result of the forgetfulness of the engineer of one of them. The collision occurred a mile south of Glen Mary. Brakeman Taylor, Conductor Hineline and Engineer Rusk were badly crushed. The first two died soon after being extracted. Rusk's injuries are fatal. Two others were slightly injured.

Unionist Conference Held.

By Cable to The Freeman.

LONDON, April 25.—A Unionist conference was held at Birmingham to-day. Resolutions were adopted affirming that the land question was the root of Irish discontent, and urging the Government to introduce in the House of Commons, without delay, a measure to enable tenants to become owners of the land.

THE STOCK AND MONEY MARKET.

Financial Doings on Wall-Street To-Day—The Leading Closing Quotations.

By Telegraph to The Freeman.

NEW-YORK, April 25.—The stock quotations from London were all decidedly higher and their influence was shown upon the opening figures here which showed advances of ½ and ⅝ per cent., with Atchison, Delaware & Hudson, Louisville & Nashville and Union Pacific leading. There was more activity in the market than usual, although it was still confined to a few of the leading shares, such as Reading, Louisville & Nashville, Atchison, Oregon Transcontential, Union Pacific and Chicago gas. At 11 o'clock the market was active and strong.

Holland and Its Consorts Not Yet Heard From; Logs Adrift.

By Telegraph to The Freeman.

WASHBURN, Wis., April 25.—An error was made in reporting the Holland and its consorts as arriving here last night, as they are out yet. A terrific north-easter blew over Lake Superior last night, forcing the J. S. Hurd, which left here yesterday, to return for shelter. A blinding snow fell all day, but it has now cleared up. A boom containing 12,000,000 feet of logs belonging to Pike & Drake, was broken during the storm and the logs are adrift in the Bay.

WANT THE PRICE OF COAL REDUCED.

Action of Iron Manufacturers Along the Line of the Reading Railroad.

By Telegraph to The Freeman.

PHILADELPHIA, April 25.—The iron manufacturers along the line of the Reading Railroad recently told the officials of the road that if the iron industry was not to be killed a reduction in the price of fuel would be necessary. The price of furnace coal at the mines has therefore been reduced from $2.10 to $1.85—lower than it has been for years—and at the same time the tolls on furnace coal have been lowered eight cents per ton, on an average, to all the furnaces along the Schuylkill Valley. To consumers of furnace coal the move means that the price of fuel will be reduced almost 35 cents.

In an interview he asserts that disbelief is wide-spread in the pulpit.

I BELIEVE IT YET.

I.

There's some useful information that I got
from mother dear,
One evening when I went my girl to see;
She told me I had better be tasteful in my
dress,
If from bitter disappointment I'd be free.
She told that Marks Jacobs made suits the
handsomest;
That to his store was just the place to go,
That with his help I'd surely win the girl I
loved best;
I believed it, for my mother told me so

CHORUS.

She told me that a manly man should dress
in manly style,
And always like a gentleman should go;
That for this service I could trust Marks
Jacobs all the while;
I believed it, for my mother told me so.

II.

And so I went to Jacobs' store, 184 The
Strand,
The next morning at the rising of the sun,
And picked me out the finest that this artist
had on hand,
And in just two days the suit complete
was done.
Then I hied me to the mansion where lived
my Katie Brown,
And her greeting was the sweetest man
can know;
She said I was the handsomest, the noblest
man in town;
I believed it, for my sweetheart told me so.

CHORUS.

She told me something better yet; she said
she would be mine,
That through this life with me she'd gladly go,
If I would wear Marks Jacobs' suits, so fitting,
neat and fine;
I believed it, for my Katie told me so.

PRISON REFORM.

At last in spite of demagogic labor agitators and the ignorant crowd behind them, the Legislature is going to pass a real reform measure for the employment of convicts in the prisons and penitentiaries of the state. The bill was before the Assembly yesterday in such an attitude as to assure its passage today with some amendments that will necessitate its return to the Senate, where of course it will pass easily. A large majority of the Democrats have shown opposition, but as it carries an appropriation of $1,000,000 (which is likely to be reduced to $750,000), the Governor will probably sign it.

The bill has already been outlined in these columns. It puts at the convict's option, after a certain limit, the length of time that he shall serve, by providing for his parole for good behavior and upon proof of thorough reformation. The only punishment permitted is solitary confinement on short rations, and proper measures are provided for the preservation of the health and sanity of the prisoner.

For the purposes of labor the convicts are to be classified under three distinct heads. The tractable and obedient are to be given occupation for instruction in some useful trade, and this is to be accomplished without regard to profit or loss. The incorrigible who are skillful and competent as workers are to be employed upon salable products, with a view both to the profit of the state and the fitting of the prisoners for self-support. The hardened offenders who resent discipline and make trouble for the managers are to be made to work, and their labor is to be employed solely for the profit of the state. Provision is made for a transfer of these classes, as the men improve or deteriorate under discipline. The contract system of labor is barred out, but both the state account and piece price systems are permitted. The life prisoners, who are debarred from commutation or parole, can be paid from 8 to 12 cents a day in the discretion of the officials. The products of the labor are to go to the supply of the institutions supported wholly or in part by the state.

Nothing but the rankest demagogy can find objections to such a bill. The Legislature, however, appears to have become tired of the constant interference and dictation of the labor agitators, and to have come to the conclusion that something is due to those convicts who are susceptible to reformatory influences, and also to the people who pay the taxes. The Fassett bill looks to the diminution of crime as its primary object. Nothing can be more promotive of this than the teaching of honorable industries to the convicts and their treatment like reasoning beings, capable of good and reformatory impulses.

LAND IN ABUNDANCE.

All was not lost to intending Western pioneers when 100,000 people, more or less, swooped down upon the little area of Oklahoma, a tract about the size of Delaware. From an article in the New York *Sun* which we copy elsewhere it will be learned that the government is negotiating with Indians for 6,022,000 acres in Indian Territory, and for more than 11,000,000 acres in the northwest corner of South Dakota. This is 26,000 square miles, an area larger than that of West Virginia, or about equal to that of the combined states of Massachusetts, Vermont and New Hampshire. If the people of the East and the South are therefore seeking new homes, here are opportunities for each, without bringing the conflicting civilizations of the two sections into contact. The Southerner can find congenial climate in Indian Territory, while the Northerner can be assured of something quite as satisfactory in the most genial quarter of the Dakotas.

The reports from people actually on the ground show that Oklahoma is disappointing to many. The air is hot, the soil sandy and arid, vegetation thin and of the most worthless description, the rivers shallow and sluggish, and pure water scarce. The Texan can easily adapt himself to these conditions, but not so the New Yorker and Ohioan. The latter must steer their "schooners" further northward. Dakota is the land for them, unless they prefer Nebraska, Kansas, Oregon, Washington or California, where millions of acres are yet waiting occupation.

The fever which the opening of Oklahoma excited will not, it is to be hoped, subside until a great deal of the yet unclaimed land spread over the West and Northwest is taken up by our American population. This sudden movement contrasts strangely with the apathy that the poorest of our native people at the East have exhibited while the great processions from Ireland, Germany and Scandinavia have passed westward and transformed the wildernesses of the Northwest into smiling and crop-laden farms. Not a straw needs to be laid in the path of the thrifty European, neither is there occasion for envying the good fortune that has lifted him out of the lowest poverty at home into prosperity, independence and even riches. But the native American has an equal right with him, and the rush for Oklahoma occasions surprise that he did not wake up to his great but steadily diminishing opportunities before.

GENEROUS CONDUCT

The value of that part of the cargo of the Missouri jettisoned by Capt. Murrell in order to save the passengers and crew of the Danmark was valued at only $2,500, but fears were entertained by the admirers of the brave Captain that he would have trouble because the loss was not covered by the policies of insurance. It was proposed in Philadelphia, if it became necessary, to make up the loss by voluntary contributions. But the proprietors of the Thingvalla line have relieved all anxiety on that score. They have not only issued orders for the settlement of all claims brought for the value of the cargo jettisoned by the Missouri, but have paid the owners of that ship for carrying the Danmark's passengers to the Azores and thence to Philadelphia.

The employers of Captain Murrell also justify his brave and humane action. One of them, Mr. Baker of Baltimore, says they they would have discharged him if he had acted differently. He said also that his company would have settled for the jettisoned cargo without a murmur if the demand had been made upon them. It speaks volumes for the magnanimity of human nature when everybody stands ready to approve a brave act by cheerful sacrifice or voluntary gifts. But the action of the Thingvalla company covers all demands. It not only bears its own loss with cheerfulness, but stands between all other parties and loss. Other captains will therefore be encouraged by the treatment that Captain Murrell has received to assume every necessary risk, and to remove every obstacle that stands in the way of the safety of any human life.

Three hundred and fifteen of the rescued passengers of the Danmark arrived at the Chicago depot yesterday. There was a vast crowd of friends and relatives on hand, and the greetings to those who had been given up as lost were tearful and affecting. Most of the company took trains for the more remote West after a little delay. The steamer Wieland, of the Hamburg-American Packet Company, which sailed from Hamburg on Sunday last, will stop at the Azores and bring over the rest of the Danmark's passengers, who were left there.

MURDEROUS AMAZONS.

Byron has described the "love of woman" as "a lovely and a fearful thing," and said something in the same connection about her revenge being "as the tiger's spring." His view has received a striking exemplification in Williamsburgh. Annie Cullen, Alice McKenney and Elizabeth Meyer, all under twenty years of age, were employed in Barton's knit jacket factory. They became engaged in a quarrel about a young man last Thursday, and at the close of the dinner hour Miss Meyer was found lying in the hall of the factory near the street door covered with blood. She was assisted to the office, and after the blood had been washed from her head and face she was carried home. On Sunday she was able to give an account of the affair. She said that she had always had trouble with the McKenny and Cullen girls. They had ridiculed her and interfered with her work because of their jealousy. On the day of the assault she lost her temper and retorted. As she went through the hall to the street door she was grabbed from behind by Miss McKenny. Miss Cullen then seized her by the ears and pounded her head against the heavy post in the partition, finishing up with several blows in the face with her fist. Then the injured girl fell to the floor and remembered nothing more till she found herself in the office.

Yesterday Miss Meyer's condition became critical, and her physicians declared that she could not recover from her injuries. Warrants were accordingly issued for the arrest of Misses Cullen and McKenney. They were found at work in the shop and taken into custody. When informed of the cause of their arrest and the dangerous condition of Miss Meyer they became hysterical and were placed in the patrol wagon with difficulty. Miss Meyer's ante-mortem statement was taken last night. She had been sinking rapidly since Sunday.

MORE LAND FOR SETTLERS.

Seventeen Million Acres Under Negotiation —A Chance for 100,000 Settlers to Get Quarter Sections.

[From the New York Sun.]

The appointment by the President of a Commission to renew negotiations for the purchase of half the Sioux reservation in Dakota, is a reminder that an area six times as great as Oklahoma will probably soon be opened to settlement. There is plenty of chance yet for those who have failed to get the kind of homestead they want. The Oklahoma tract, bought of the Creeks and Seminoles, contains, in round numbers, 1,887,000 acres; the Cherokee Strip, which will probably be bought this summer, contains 6,022,000; but the portion of the Sioux reserve which Gen. Crook's Commission will endeavor to purchase, under the recent act of Congress, amounts to more than 11,000,000 acres. The extent and fertility of these Sioux lands, the impulse which throwing them open will give to the Northwest, and the facilities which will be offered by the railroads of that region, make these negotiations very important.

The Commission appointed last year for the same purpose by President Cleveland reported that eight objections were made by the Sioux. These objections the Commissioners regarded as excuses for rejecting any reasonable proposal; and they declared that "the defeat of this act was a victory for indolence, barbarism and degradation, as against the influences of the farm, the workshop, the schools and the gospel." Secretary Vilas, however, invited the leading chiefs to a conference at Washington, and there offered them better terms. These were also rejected, yet for reasons so clearly put as to look like anything rather than the devices of ignorance and degradation. They showed that the Sioux had learned something about land values and about the way to make bargains.

The government wanted to give them 50 cents an acre for their lands, to have its own system of investing this money and paying out the income, and to follow its own notions of reservation boundaries and of the distribution of the proceeds of subsequent sales to settlers. The Indians objected to all this, and Congress took up their suggestions and partly conformed its plans to them. The Indians had asked for $1.25 per acre, to be placed directly to their credit in the Treasury, with interest at 5 per cent. They also insisted on the fulfillment of certain stipulations of former treaties. Congress consented to a change in the boundaries of two of the reservations, and stipulated that the Indians should receive the proceeds of lands sold to settlers at $1.25 per acre for the first three years; at 75 cents for the next two, and at 50 cents for the ensuing five, and that the government should take all the lands then unsold at 50 cents per acre.

There is ground for believing that this compromise will be satisfactory. The maximum price is the one fixed by the Indians themselves; yet since it applies only to lands taken within three years, probably it is no more than fair, because the choice lots will doubtless have been selected by the end of that period. Then there will be a reduction in price for the second and third picks of the land. Some of it, no doubt, is very poor, yet the Government can afford to pay fifty cents an acre for it to complete the trade. Sundry other changes were made in the original plan, including the fixing of a higher price on lands taken for schools or religious societies. Thus far all that has been heard from the Sioux reservations points toward the success of this plan.

"THE NAKED TRUTH."

Whilst Truth was one day bathing in a limpid river, Falsehood happened to pass, and noticing the garments of Truth on the bank of the stream, conceived the idea of exchanging his clothing for that of the bather, who came from the bath and mourned the loss sustained, but, disdaining Falsehood's garb, has since gone naked through the world. Whether the origin of the expression—"the naked truth"—is mythical or otherwise, it is universally known to be the "naked truth" that Dr. Pierce's Golden Medical Discovery has no equal as a curative agent for consumption (lung-scrofula), bronchitis, chronic nasal catarrh, asthma, and kindred diseases of the throat and lungs.

For nearly half a century Ayer's Cherry Pectoral has been the most popular cough remedy in the world. The certainly increasing demand for this remedy proves it to be the very best specific for colds, coughs, and all diseases of the throat and lungs.

THE NEW DISCOVERY.

You have heard your friends and neighbors talking about it. You may yourself be one of the many who know from personal experience just how good a thing it is. If you have ever tried it, you are one of its staunch friends, because the wonderful thing about it is, that when once given a trial, Dr. King's New Discovery ever after holds a place in the house. If you have never used it and should be afflicted with a cough, cold or any Throat, Lung or Chest trouble, secure a bottle at once and give it a fair trial. It is guaranteed every time, or money refunded. Trial bottles free at VanDeusen Brothers, Rondout, and F. J. R. Clarke, Kingston, Drug stores.

That tired, languid feeling and dull headache is very disagreeable. Take two of Carter's Little Liver Pills before retiring, and you will find relief. They never fail to do good.

They make one feel as though life was worth living. Take one of Carter's Little Liver Pills after eating; it will relieve dyspepsia, aid digestion, give tone and vigor to the system.

MARRY YOUR SONS WHEN YOU WILL, YOUR DAUGHTERS WHEN YOU CAN,

RHEUMATISM.

For More than Twenty-five Years—A Complete Recovery—The Means Used.

I had Inflammatory Rheumatism. For nearly a year I had to be fed and turned in bed. I could find no relief. My stomach was ruined with powerful medicines taken to effect a cure so that I was compelled to live on bread and water. I suffered for twenty-five years in th's way. I was induced to try Dr. Kennedy's Favorite Remedy, made at Rondout, N. Y., and

I Am Now Well,

thanks to his medicine. Dr. Kennedy's Favorite Remedy is my best friend. By its use I am enabled to enjoy a good night's rest; also food, such as meat and pastry, which I have been deprived for years, showing that the Favorite Remedy has no equal for the cure of Indigestion and Dyspepsia as well. If any shou'd doubt this statement, I will send the ready proof at once.—GARRETT LANSING, Troy, N. Y.

It is my pleasure and absolute duty toward those who are struggling for very life against the deadly

Disease of the Kidneys

to add testimony to the wonderful efficacy of Dr. Kennedy's Favorite Remedy. My wife was in a hopeless condition, despaired of by the physicians. Dr. David Kennedy's Favorite Remedy was resorted to; not because any hope was placed in it, but because nothing else remained. The effect was little short of a miracle. With the use of the second bottle, she regained her strength and continuing the treatment has fully recovered—JAY SWEET, Albany, N. Y.

OKLAHOMA EXCITEMENT.

DISAPPOINTED BOOMERS WHO HAVE DESERTED THEIR CLAIMS.

A Feeling of Despondency Among Farmers and Immigrants—Contests for Claims—Guthrie's Back Said to be Broken—The Region Cursed.

By Telegraph to The Freeman.

ST. LOUIS, April 25.—The *Republic's* special from Arkansas City says: "The Oklahoma excitement is now confined almost wholly to the town site centres. As for the farmers, they have taken possession of their claims and have gone to work. The vast expanse of greensward is now broken in all directions by plowmen. It is said there is not a single quarter section of any value that is not homesteaded. A great many claims of no value have also been taken. There is a feeling of despondency among farmers and immigrants.

THE SOIL IS POOR.

Oklahoma City soil is poor, they say, and plowing reveals that there is a lack of essential agricultural qualities. It is now regarded as certain that no crop can be raised this year. Those who can afford to remain will do so, but the poorer classes will return to their old homes or find newer ones.

A DISAPPOINTED BOOMER.

At Purcell, one Barnes, who had forded the Canadian River with a heavy wagon and two yoke of oxen, said he had driven all the way from Texas across the Pan Handle Country to find the land of which he had heard so much. He had got a claim, and after he had found what it was worth had vacated it in favor of another man and was on his way back to Texas.

CLAIMS ALREADY DESERTED.

A number of claims have been deserted in various parts of the Territory and wagons can be seen frequently on the back track. Many of the disgruntled threaten to "squat" on the Indian lands surrounding Oklahoma. Some will fall back on the Cherokee strip. Others will go down into the Chickasaw country. That country is being rapidly settled by farmers who will pay an annual tax for the privilege of tilling the soil.

CONTESTS FOR CLAIMS.

Many contests for the possession of lands are threatened. Contests are already filed against the claim of Captain Couch, the old Boomer leader, on the ground that he disqualified himself from making an entry by entering the Territory years ago on booming expeditions. General James B. Weaver, of Iowa, one of the most persistent advocates of the opening of Oklahoma in Congress, has also had his claim contested, and has been accused of attempting to take the people by the throat. The old-time Boomer leaders have not fared well. A boy of 19, when found in possession of one of the claims, was shot and killed by an old Boomer, who had marked the claim as his own years ago. It is hinted at Purcell that the old colonists there assisted the murderer to escape into Texas. Twenty claims have been deserted in one neighborhood, and in the depot at Oklahoma City a broken homesteader offered to sell his claim for $25. The contest and excitement over town sites continues, and much trouble is promised.

LOCATION OF STREETS AND LOTS.

By Telegraph to The Freeman.

KANSAS CITY, April 25.—A Guthrie special to the *Times* says: "The topic most generally discussed is the vexatious question as to the location of streets and lots. A new survey will have to be made and endless litigation will doubtless result. The real estate market is dull, as purchasers are chary about acquiring property the title to which is in doubt. The order of the City is almost perfect. Rumors of bloodshed have been numerous, but not a single rumor has been confirmed.

CHAOS REIGNS.

By Telegraph to The Freeman.

CHICAGO, April 25.—An Arkansas City, Kans., special says: "Chaos reigns, not only in Oklahoma, but in the entire tributary country. The railroad is prostrated and communications are entirely cut off. The Western Union, with its crush of train dispatchers, will not touch a message of any other character in the Territory.

GUTHRIE'S BACK BROKEN.

Guthrie's back seems broken and there is a furious stampede to get out. People there are wild from the deprivations that lack of shelter, water and food imposed upon them. To these distresses are added the misfortunes of tempest, heat and the absence of means of flight. When a correspondent reached Willow Springs from the Diamond Bar Ranch, he learned from the dispatches that neither the north nor the south-bound passenger trains, shortly due, had been heard from. An hour of waiting passed, when a train of 20 cattle cars crept up from the South. The cars were locked but upon the roofs, the buffers, amid the coal on the tender, on the pilot and gangway of the locomotive, and packed in and upon the caboose, was a dense and miserable throng of men. The train from Guthrie had started with its strange load at 6 o'clock in the evening. It was useless to attempt to enforce the laws restrictive to railroad travel. The people were fleeing practically for their lives. They had added to long periods of privation the suffering of 17 hours without food or protection from the cold. No train had passed them and none was in sight behind They had left a howling mob in Guthrie baffled in its efforts to join in the flight. The uselessness of proceeding to Guthrie was apparent and the correspondent secured a footing for one foot and returned to this point with the laggard train.

THE REGION CURSED.

The fugitives shout with joy as they alight here and rush to the hydrants and eating houses. Curses are heaped upon the region and Government Marshals Needles and Jones are execrated without stint for the theft of the land, and the railroad is denounced for its feeble service.

FOUR MEN KILLED.

By Telegraph to The Freeman.

CHICAGO, April 25.—A special from Lisbon, Oklahoma, says: "Late last night a negro came rushing into Marshal Wyott's camp. He said four of his companions in a little colony 10 miles southeast had had a desperate fight with rival claimants and were reported shot. A deputy was sent out to effect arrests, and has not yet returned. Two men are reported dead on their claims four miles east, shot last night. The messenger that came in wanted help to bury them. He could not give particulars.

SPECIAL BUSINESS NOTICES.

A SOUND LEGAL OPINION.

E. Bainbridge Munday, Esq., County Attorney Clay County, Texas, says: "Have used Electric Bitters with most happy results. My brother also was very low with Malarial Fever and Jaundice, but was cured by timely use of this medicine. Am satisfied Electric Bitters saved his life.

Mr. D. I. Wilcoxson, of Horse Cave, Ky., adds a like testimony, saying: He positively believes he would have died had it not been for Electric Bitters.

This great remedy will ward off, at well as cure all Malarial Diseases, and for all Kidney, Liver and Stomach Disorders stands unequaled. Price 50c. and $1, at VanDeusen Bros., Rondout, and F. J. R. Clarke's Kingston.

THE MOTHER GUIDING

Her children through the perils of infancy may be compared to a pilot steering a vessel through seas of dangers known to him alone. Not the least of the good woman's anxieties arise from the fear of Whooping Cough, Croup and Diphtheria, the last two being especially serious and fatal. Yet multitudes of mothers now rely upon Dr. Kennedy's Cherry Balsam as a tried, trusted and successful specific for all these complaints. Containing no harmful ingredients it is wonderfully adapted to relieve the little ones. Given according to directions, if necessary in doses large enough to cause vomiting, it relieves Croup in a few minutes. It renders Whooping Cough, while running its usual course, much less wearing on the strength of the child, and is an invaluable auxiliary in the treatment of that dread disease, diphtheria. In fact no home or nursery is properly equipped unless a bottle of the Balsam is always on hand. And for the blood, Dr. Kennedy's Favorite Remedy should stand by its side.

The awe-struck audience gazed
On the figure, gaunt and gray;
'Twas the murdered king, or the ghost of him,
And Hamlet was the play.
His hour was brief, he said,
He must go ere light of day,
To the place of torment prepared for him,
Till his sins were purged away.
Yes, purged was the word he used,
And I thought what a remedy rare
Would Pierce's Purgative Pellets prove,
In his case, then and there.

Dr. Pierce's Pleasant Purgative Pellets have no equal as a cathartic in derangements of the liver, stomach and bowels. Small, pleasant in action, and purely vegetable.

ACCIDENTS ON TWO RAILROADS.

Thrown From a Car—Jumped From a Moving Train; Result.

When the north-bound New-York Central Limited Mail reached Rhinecliff last night a young man was thrown from the platform of the rear car. He was picked up unconscious. This evening the Board of Excise of this City—J. M. Meyer, J. J. Groves and M. Winchell—will hold a meeting and fix the amount to be charged for licenses for the ensuing year. It is not believed the fees will be materially changed. One of the questions which will be considered is: "What constitutes a hotel license?" Complaints have been made that saloons which have no accommodations whatever have been granted hotel licenses. The prices of licenses during the past year were as follows: Hotel, $65; ale and beer, $45; store, $65; druggists', $50. In all 166 were granted, classified as follows: Hotel, 94; ale and beer, 62; druggists', 6; store, 4. In 1887, 163 licenses were granted, classified in the following manner: Hotel, 98; ale and beer, 54; druggists', 7; store 4.

KINGSTON PHILHARMONIC SOCIETY.

The Members Preparing for Their Coming Concert on May 8.

A regular rehearsal of the Kingston Philharmonic Society was held last night in the City Hall. There was a large attendance. Professor Hulslander conducted the singing. The pieces to be sung by the Society at the concert, May 8, were practiced with success. There will be two more rehearsals before the concert. The first will be held in the City Hall next Wednesday night, and the second on the Tuesday evening following in the Academy of Music. During the rehearsal last evening, Professor Hulslander gave some interesting facts regarding the Handel and Haydn Society, of Boston. At a recent concert given by the Society the oratorio of "St. Paul," which is considered the most difficult oratorio on the list, was sung. There was a great demand for tickets. The sale was stopped a week before the day of the concert. A thousand persons were unable to gain admittance to the hall. In referring to proper discipline of societies of this character, the Professor said the management of the Handel and Haydn Society frequently dismissed members because they were not regular in attendance at the rehearsals. When they found a new difficulty that there were members who did not sing, these were also dismissed. Because of this discipline, the Society was kept at its full standard. These words were spoken as a hint to members of the Philharmonic who are not prompt in attendance and who are careless when they do attend. It was stated during the rehearsal, that the music of the coming concert would be principally part songs and glees—pieces specially chosen to please the general public.

THE BOARD OF EDUCATION.

REPORTS OF THE PRINCIPALS PRESENTED AND READ.

Amount Required For the Salaries of Teachers, Etc., Stated—Finance Committee Makes Report—Placed On File—Election.

The members of the Kingston Board of Education held their annual meeting last night. Professor Cheney, of Kingston Academy, reported: "Number on registry, 207; per cent of attendance, 91.8. The attendance is not only unusual in numbers for a spring term, but unusually uniform. * * We report the largest number of non-resident pupils shown by the record since the Academy was incorporated in the public school system. The number now reaches 80, and they still continue to come."

Principal Darrow, of No. 8, reported: "Registered, 369; per cent. of attendance, 95.5. There are 450 pupils with nine teachers. The examinations are satisfactory with few exceptions."

D. D. Murphy, of No. 15, reported: "Number enrolled, 99; per cent. of attendance, 90 4. Percentage is low because pupils remained from school to attend religious services at different churches. Good work cannot be done where the attendance is irregular. Pupils who are absent a great deal not only fall behind their classes but they prevent the rapid progress of those who attend regularly. Those who attended regularly made the best showing at the examinations."

Principal Mower, of No. 5, reported: "Attendance, 263; per cent. of attendance, 94. All the teachers have been present during the past two weeks. Good work has been done."

Principal Bennett, of No. 11, reported: "Attendance, 308; per cent. of attendance, 96.2."

The Principals of all the schools said that arrangements were being made to properly observe Arbor Day. Some had the offer of trees from people living in the vicinity and others asked that trees be furnished. The Principal of No. 11 said that the school yard could be improved by tree culture. The furnishing of trees was referred to the Committee on Repairs and Supplies.

The Committee on Organization reported the amount required for salaries of teachers, janitors, etc., for the school year beginning July 1, 1889, and closing June 30, 1890, as estimated, would be $24,500. This report was referred to the Finance Committee.

The Committee on Organization further reported a recommendation, which was adopted, that the principals in charge of the schools assemble their pupils at the school grounds on Arbor Day and carry out as far as practicable the suggestions of the State Superintendent of Public Instruction.

Those in the employ of the Board who were desirous of being retained for another year were requested to send in their applications on or before May 18.

The Finance Committee reported bills audited $149.01. The report was adopted and warrants ordered issued for the same.

The report of the Treasurer was read as follows:

Amount overdrawn	$9,147 08

Report of Collector read:

Tax collected	$19,345 39
Amount uncollected	254 61

These reports were received and placed on file. The Collector was requested to furnish a description of property upon which tax is uncollected.

The Committee on Repairs and Supplies gave estimate of amount required for coming year, $4,000, which was received and placed on file.

The Superintendent of Schools in the district reported attendance was good, examinations satisfactory, and that teachers were striving to do good work. The pupils were interested. "School work never better than now in my experience of 14 years."

Professor Cheney said that a joint meeting of Normal School and Academy Principals of the State would be held in May at Cortland, for the purpose of considering matters pertaining to secondary and higher education, and that Superintendent Draper had appointed C. T. Smith, of Lansingburgh, and himself—Professor Cheney—to represent the Academies of the State. He asked for leave to be absent May 13, 14 and 15. The request was granted.

The Board then proceeded to the election of officers for the ensuing year. James E. Betts was unimously re-elected President. Mr. Betts, in a terse speech, thanked the Board for the honor. Charles Burhans was elected Treasurer unanimously. A ballot was taken for Collector. The two candidates were S. S. Westbrook and M. Winchell. Mr. Westbrook was chosen. C. M. Ryon was appointed Secretary of the Board.

Under existing laws, it is claimed, patrons of a Post-Office are not to be allowed more than 10 days' time to pay box rentals after the expiration of the term for which they were rented.

May Number of "Century"—"Scribner's Magazine"—The "Forum."

The illustrations in *Garden and Forest* for April 24 include eight artistic designs for simple tombstones. Two interesting and timely articles in the same issue treat of "The Care of Small Tracts of Woodland" and "Hardy Deciduous Shrubs."

Octave Thanet, who has achieved a reputation as a writer of sketches of Arkansas life will contribute a sixteenth century story to the May *Scribner*, which although in a new field for her, is of unusual dramatic power. The title is, "The Dilemma of Sir Guy, The Neuter."

The Vicomte Eugene Melchior de Vogue, who will begin a series of papers on "Social Life in Russia," in *Harper's Magazine* for May, is of Russian extraction. He was elected one of the "Forty Immortals" by the French Academy last fall. Dr. Charles C. Abbott shows how a Jersey mud-hole can become "a thing of beauty."

One of the leading articles in the *Forum* for May will be "The Saloon as a Political Power," by Ernest H. Crosby, son of the Rev. Dr. Howard Crosby, who has for several sessions of the New-York Legislature advocated a high license law. Mr. Crosby treats the subject in an able manner, and shows the effect the saloon power in politics has in debauching the ballot box and in encouraging the sale of office.

It is not generally known that Lincoln prepared an address to the American people in 1864, which address was suppressed by him and has never been seen by the public. It was a constitutional argument on the subject of the draft. It will be printed for the first time in the May *Century* from Mr. Lincoln's MS. The authors of the "Life of Lincoln" consider it one of the President's most admirable papers. They that after Mr. Lincoln had finished it, "doubts arose in his mind as to the propriety or the expediency of addressing the public directly in that manner."

SOME PHASES OF THE SEAMY SIDE.

Before Recorder Hussey To-Day—Action to Recover Penalties.

A man who gave his name as Elmer Matthias, of Catskill, was straigned in Recorder's Court here this forenoon, charged with intoxication. He was fined $4.

One Frederick Olsen was arrested for "begging" on Fair-street, Kingston, yesterday. The Recorder sentenced him to 30 days' imprisonment in the Ulster County Jail, at Kingston.

Patrick Conwell, arrested for stealing a ride on a West Shore freight train, told the Recorder that he was on his way from Binghamton to Newburgh, where he expected to get work. He was discharged.

John Raymond, a machinist employed in the shop of the Cornell Steamboat Company, Rondout, appeared in Court and asked that a warrant be issued for the arrest of a man whose name he did not know, but whom he said he could identify, on a charge of entering the shop mentioned, breaking open his tool chest and robbing it of its contents. The warrant was issued and placed in the hands of Special Officer Cassidy.

TO RECOVER PENALTIES.

A dispatch to THE FREEMAN from Newburgh to-day stated: Dr. W. Kidd, State Game and Fish Protector for this district, has begun suit in the Supreme Court to recover penalties from parties charged with seining in the Neversink River, Sullivan County.

WILL HOLD SERVICE IN CITY HALL.

What Members of Pratt Post, G. A. R., Will Do—Decoration Day.

A member of Pratt Post G. A. R., of this City, writes to THE FREEMAN as follows:

"For many years it has been the custom for Pratt and Grant Posts, G. A. R., of this City, to await invitations from pastors of the City churches for their attendance on the Sunday evening preceding Memorial Day, but at the regular meeting of Pratt Post, held last evening, it was decided to hold service on that evening in the large hall on the second floor of the City Hall building, the Post to invite the speakers. In accordance with this arrangement invitations will be sent to the Rev. Comrades VanSantvoord, Smith, Washburn and Davis asking their presence and participation in the meeting. It is desired to make a full and general meeting of all the veterans of the City and vicinity, and Grant Post will also be invited to be present. Arrangements for Decoration Day are also being perfected."

MARRIED IN KINGSTON THIS DAY.

Alfred DuFlon and Sarah H. Smith the Contracting Parties.

There was a pretty wedding in St. James M. E. Church, Kingston, at 2:30 o'clock this afternoon. Sarah H. Smith, daughter of Isaac J. Smith, was married to Alfred DuFlon, both of this City. The bride wore a handsome dress of Henrietta cloth, and carried a bouquet of white roses. The Rev. O. Haviland officiated. The ushers were Norman Connor and Edgar E. Becker. At the close of the ceremony the married pair started on a wedding trip to Trenton, New Jersey. Upon their return they will reside on Hurley-avenue, Kingston.

Thirty-Two Years Ago.

[From the Oneonta Spy.]

On the middle of April, 1857, 32 years ago, the greatest spring snow fall ever known so late in the season came down. It was heavy all over Otsego County, but generally much heavier in Delaware. At Franklin it lay full four feet on the level, wet and well packed at that. The village streets looked like long deep cuts of a railroad, and all over the town scores of buildings were crushed. The roof of the Presbyterian Church had a narrow escape and was saved by a hurried shoveling off of the heavy mass. Colchester people claimed seven feet of snow in places and in some of the deep mountain gorges it lingered nearly all summer. The general departure of the snow disclosed as bright an earth mantle as ever was seen.

When the Millenial Days Arrive.

[From the Oneonta Spy.]

When the millenial days get here, the pitiable spectacle of drunken men picked up on the streets, or packed away in the lock-up to get sober will be no more seen. For all this miserable business, how few think of the hearts that bleed in the saddened and blighted homes, or of the poor children that suffer from all the woes that follow the steps of the erring.

Tenants are Moving.

FROM NOVA SCOTIA.

A dispatch from Newburgh to THE FREEMAN, to-day, stated: The first vessels from Windsor, Nova Scotia, to reach this port this season, with cargoes of gypsum, were the Lily, Captain J. W. Dill, and the C. C. VanHorn, Captain William A. Parker. The former brought 450 tons and the latter 540 tons of gypsum for the plaster works here. The wind was high on the Hudson, to-day, and the Lily ran into the plaster works, breaking off its bowsprit and slightly damaging the building.
